Subject: order to give directions to One Internet B.V.

Dear Mr. Pietersz,

We refer to your letter dated May 13, 2026, with reference CP/U 880/2026, which was received by us on Friday, May 15, 2026.

We apologize for the delay in complying with the requirements under Article 5.11(3) of the National Ordinance on Games of Chance (LOK).

Please be informed that the delay was caused by a disruption in access to the back-end system used by the operator. One Internet B.V.'s operation was focused on the Brazilian market until December 31, 2024, when in connection with the changes in legislation in Brazil, the operation was transferred to another group company licensed in Brazil effective January 1, 2025. In this transition process, the access regarding the operation under One Internet B.V. was erroneously closed without subtraction of the required data.

We have been working with the software provider in order to be granted access again or for them to generate the information from the back-end system. We expect to have this issue resolved in coming days, whereafter we will be able to finalize the financial statements properly and submit complete and accurate financial statements.

For now, we are submitting the attached draft of the Financial Statements for the year 2024. It is important to state that these are not signed, since they are not final, not approved nor adopted by the General Meeting.

We trust to have informed you accordingly.

Yours sincerely

One Internet B.V.
