### **Clarification Statement**

This document is provided to clarify the crypto-to-fiat processing structure used by AMNM B.V. in response to the Curaçao Gaming Authority's request for confirmation regarding authorization to provide virtual asset exchange services.

AMNM B.V. does not provide any virtual asset exchange services, custody services, or fiat conversion services. The Company is not engaged in the business of exchanging virtual assets, does not operate cryptocurrency wallets for players, and does not determine or apply exchange rates.

All cryptocurrency deposits made by players are processed through an independent third-party payment agent entity, which acts solely as a payment collection and settlement agent. Where cryptocurrency-to-fiat conversion is required, such conversion is performed outside of the Applicant's systems and infrastructure by duly authorized third-party virtual asset service providers engaged by the payment agent.

At no point does AMNM B.V. take possession, custody, or control of players' virtual assets. The Company receives settlement only, in fiat currency or equivalent, from the payment agent in accordance with applicable contractual arrangements.

Accordingly, AMNM B.V. is not required to hold authorization or licensing as a virtual asset service provider (VASP) or cryptocurrency exchange, as it does not perform any regulated virtual asset exchange or custody activities.

### **Confirmation**

This clarification is provided to confirm the Applicant's operational structure and compliance with applicable regulatory requirements.
