1. Purpose

This Crypto Risk Policy defines the framework adopted by AMNM B.V. to identify, assess, and mitigate risks associated with the acceptance of cryptocurrency payments.

2. Payment Agent Model

AMNM B.V. does not provide virtual asset exchange services, custody services, or fiat conversion services. Cryptocurrency deposits are processed through an independent payment agent entity acting solely as a payment collection and settlement agent. The payment agent utilizes licensed and regulated third-party virtual asset service providers for any cryptocurrency-to-fiat conversion.

3. Accepted Cryptocurrencies

The platform may accept the following cryptocurrencies: BTC, ETH, USDT, USDC, TRX, XRP.

4. Settlement

AMNM B.V. receives settlement from the payment agent in EUR, USD, USDC, or USDT in accordance with contractual agreements.

5. Risk Management Measures

Risk mitigation measures include AML/CFT monitoring, sanctions screening, transaction monitoring, and the use of blockchain analytics performed by third-party service providers.

6. Volatility & Fraud Risks

Cryptocurrency-related risks, including price volatility, fraud, and technical risks, are mitigated through third-party controls and internal monitoring procedures.

7. Policy Review

This policy is reviewed periodically and updated as necessary to ensure continued compliance with regulatory requirements.
