

**Responsible Gaming:** The time and loss limit management functions are available in the player's personal account under the "Responsible Gaming" section. Here, each user can set session limits for 1, 7, or 30 days, as well as activate self-exclusion for periods ranging from 3 months to 5 years. Additionally, to minimize losses, a player can set deposit limits, restricting the amount for 24 hours, 7, or 30 days to any suitable sum. These tools help maintain control over the gaming process and ensure a comfortable and safe experience. Please see the attached screenshots
