Subject: Request to Suspend Gaming License Application OGL/2024/1170/0610

Dear Sir or Madam,

On behalf of **Lavagames B.V.**, I am writing in my capacity as Managing Director to formally request the suspension of the ongoing gaming license application, reference number **OGL/2024/1170/0610**.

Currently, the company is reassessing its strategic direction and business plan. As part of this internal review, the company is evaluating the possibility of either dissolving or transferring ownership of the entity. Considering these considerations, we believe it is prudent to place the application process on hold until a final decision has been made regarding its strategic direction and business plan.

We respectfully request that the license application **OGL/2024/1170/0610** be suspended for administrative purposes while this reassessment is underway.

Should you require any additional information or documentation to process this request, please do not hesitate to contact us.

Thank you for your understanding and cooperation.

Sincerely,
