Gammix STS B.V.

Notes to financial statements

1. General Information

Gammix STS B.V. (the company) was established on February 14, 2012 in Curaçao as a private limited liability company. The address of its registered office is Korporaalweg 10, Curaçao. The company was registered in the Commercial register of Curaçao Chamber of Commerce & Industry under the number 125471.

The main objectives of the company are:

1. To provide off-shore games of chance and wagering, through the internet in compliance with the regulations of the Government of Curaçao. This service shall be referred to for all purposes as "Internet Casino/Internet Wagering/Internet Sportsbook" provided it concerns aforementioned services which will be rendered from an area that has been designated as an E-zone in conformity with the local E-zone law.
2. The corporation is authorized to perform everything requisite or profitable to the accomplishment of its purpose or incidental thereto or connected therewith in the widest sense of the word.
3. The corporation has no authority to invoke the annulment of legal acts performed by the corporation, which exceeded the corporate objective.

The management of the company is borne by a board of directors. As of December 31, 2024, the management of the company is borne by a single managing director:

- Xecutive Corporate Management B.V. Managing Director

2. Summary of material accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of presentation

The financial statements of the company have been prepared in accordance with International Financial Reporting Standards (IFRS). The financial statements have been prepared under the historical cost convention, as modified by revaluation at fair value through profit and loss. The financial statements are presented in EUR and all values are presented in actual, unless otherwise stated.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the company's accounting policies.

Initial

Gammix STS B.V.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

Accounts receivable

Accounts receivable is recognized initially at fair value less provision for impairment. The amount of the provision is calculated based on ageing. The addition to the provision is recognized in the statement of income within 'administrative expenses'.

Financial instruments**Financial assets****Initial recognition and measurement**

Financial assets within the scope of IFRS 9 are classified as financial assets at fair value through profit or loss, loans and receivables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The company determines the classification of its financial assets at initial recognition.

All financial assets are recognized initially at fair value plus transaction costs, except in the case of financial assets recorded at fair value through profit or loss.

The company's financial assets include cash and cash equivalents, accounts receivable, prepaid expenses and other assets.

Financial liabilities**Initial recognition and measurement**

Financial liabilities within the scope of IFRS 9 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. The company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value plus, in the case of loans and borrowings, directly attributable transaction costs.

The company's financial liabilities include accounts payable, accrued expenses and other payables.

Gammix STS B.V.

Subsequent measurement

The subsequent measurement of financial assets and liabilities depends on their classification.

Foreign currency transactions

The financial statements are presented in EUR, which is the company's functional and presentation currency. Transactions denominated in foreign currencies are translated at the exchange rate prevailing when the transaction is realized. The exchange results are recorded in the statement of profit or loss.

Monetary assets and liabilities denominated in foreign currencies are translated into EUR at the exchange rates prevailing at the end of the year.

Revenue recognition

Casino revenue is represented by the difference between the amounts of bets placed by customers less amounts won, net of bonuses and loyalty points, if any. The revenue is recognized at the fair value of the consideration.

Impairment of long-lived assets

Long-lived assets, other than goodwill, are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. Recoverability of assets is measured by comparison of the carrying amount of the asset to the net undiscounted future cash flows expected to be generated from the asset. If the future undiscounted cash flows are not sufficient to recover the carrying value of the assets, the assets' carrying value is adjusted to fair value. The company regularly evaluates its long-lived asset for indicators of possible impairment. To date no impairment has been recorded.

Concentration of credit risk and certain other risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counterparties failed to perform as contracted. The company does not have significant exposure to any individual client or counterparty. Management of credit risk involves a number of considerations, such as financial profile of the counterparty, specific terms and duration of the contractual agreement. There exists a risk of non-performance, however management believes that the company's exposure to credit risk associated with non-performance of its counterparty is minimum.

New standards, amendments and interpretations issued but not effective for the financial year beginning 01 January 2024 and not early adopted

There are no other standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the company.

Crypto (gain) / loss	-10,232	40,623
	82,786	273,998

11. Fair value

Fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to arrive at the fair value:

Cash and cash equivalents, accounts receivable, prepaid expenses, accounts payable, accrued expenses, other assets and other payables approximate the carrying amount largely due to the short-term maturity.
