Notes

1. NGR is industry standard accounting term referring to Player deposits less Player pay outs less bonuses and associated direct costs
2. Accounts presentational currency is USD. USD figure is recorded at USD rate at point of deposit/withdrawal/payment.
3. Exchange Rate gains and losses are not realised as all currency held in Crypto. Accordingly, no provision is included in P&L.
4. Effective GPR does not reflect currency fluctuations but is presentational KPI for management accounts purposes.
5. 2022 figures included for comparison purposes.
