

To the Curacao Gaming Authority
Present

Willemstad, February 10, 2026

Ref: Cancellation of license

Dear Sir/Madam,

We refer to our previous correspondence and hereby submit this letter in connection with the request for revocation of the gaming license of HappyLuck B.V., application number OGL/2024/1328/0739, in accordance with Article 2.4, paragraph 2, sub e, of the National Ordinance on Games of Chance (Landsverordening op de Kansspelen, "LOK").

This request is made at the initiative of the licensee.

Although the company had minimal initial activity, no full gaming operations were ever commenced under the Curaçao gaming license. Any limited activity consisted only of minimal deposit transactions, which were fully discontinued after the Christmas period. The company has decided not to proceed with any gaming-related activities and to close the intended B2C operations.

With reference to the information requested by the Curaçao Gaming Authority, we confirm the following:

1. Outstanding player claims and player deposits

HappyLuck B.V. had only minimal activity and currently has no players, no outstanding player claims, and no player deposits. All activity was stopped and there are no player funds held by the company.

2. Handling of outstanding player claims and player deposits

As there are no players and no outstanding deposits or claims, this item is not applicable.

3. Transfer of players database

As the B2C activity is being permanently closed, no players database will be transferred. The company does not maintain any active player database and no player data will be assigned or transferred to any third party.

Additionally, we hereby confirm that there are no other outstanding regulatory, operational, compliance-related, or financial matters in relation to HappyLuck B.V. and the above-mentioned license application.

This letter is provided to formally support and complete the license revocation request.

Yours faithfully,

Signed by:
