

As per the regulations for the GCB we have answered the minimum requirements below:

1) Overview of the business products and services/brands as well as proprietary IP.

The website at this time is PNGBet.com which offers horse and sports betting along with various online casino games and lotteries.

2) Company management structure showing key management roles and reporting lines.

Misterio Vacio B.V has been around for about 4 years and has grown, this year we plan to grow significantly however currently the business is run by myself (Angus Ryals) with the assistance of a number of developers and administrative assistants.

3) Business forecasts for 3 years.

See attached financial forecasts.

4) Overview of intended strategy for the business growth and to secure/maintain/grow market share with specific financial and marketing plans.

Over the past 4 years we have been testing the market and working on refining our offering as the business was essentially a start up. We have suffered from a lack of resources however this problem has now been fixed and we are working on a large pipeline of upgrades to the offering including partnering with world leading brands like Sportsradar and Pariplay. We are launching an affiliate program and have a very positive outlook towards the future. Our owner Angus Ryals has been learning as he goes and is now in a good position financially to supercharge the growth of the business.

5) Who are the key suppliers and material dependencies?

Banking we are working with Unlimint who have been fantastic.
Sports we have been working with Betconstruct and will shortly work with Sportsradar
Casinos we have been working with Crazy Billions and Kiron and will shortly work with Pariplay.
Our services are hosted on AWS and have elasticity to avoid any interruptions.

6) Risk evaluation and management.

We have certain parameters set out with our suppliers such as minimum and maximum bets and maximum available odds and winning amounts.
This is how we manage our risk to insure there is always available funds to pay out customers.

7) Legal and governance framework.

The business is run on a daily basis by Angus Ryals as the UBO and he makes all decisions.

8) Target KPIs and business objectives

The first 4 years has been a lot of learning and refining the product for the customers however now the KPI's are measure on gross revenue which is a product of many different aspects such as customer acquisition and customer retention, along with daily, weekly and monthly turnover.

9) Policies and Procedures

1. Whether the policies and procedures are done internally, or externally.
Internally.
2. The intended timelines and commitment to keeping the GCB apprised; and
Whatever time frame necessary and reasonably provided to us.
3. Why the board believes, acting reasonably, that the person/entity doing the
policies and procedures is qualified, competent and not conflicted.

The person doing the policies is the UBO and has the best interests of the business at hand, this means a compliant business.
