

License Condition: **Target Market**

Answer:

Slotbox has not conducted any operations in Japan. In Brazil, we operated for a period of approximately four months prior to the introduction of regulatory licensing requirements in that jurisdiction and ceased operations pending compliance with the new framework. Slotbox operates in Northern Ireland and a copy of an opinion from the company's Solicitors is attached. The company operates in Ireland, and we attach a copy of an opinion from the company's solicitors confirming that we are entitled to operate in the jurisdiction. The company is however also in the process of applying for an Irish license under the Gambling Regulatory Authority of Ireland. The Company is currently in the process of obtaining a legal opinion in respect of its operations in Austria and is giving consideration to the applicable regulations and whether it will submit an application for an Austrian license once the relevant application window opens in 2027.
