ANNEX B

PAYMENT TERMS

A monthly fee (the “**Monthly Royalty Fee**”) will be paid by the Licensee as consideration for the rights granted to it under the terms of this Agreement by Nolimit. The Monthly Royalty Fee shall be payable from the Launch Date.

The Monthly Royalty Fee shall be calculated as a percentage of the Monthly Casino Result as per the progressive¹ rates displayed below in Table I. Regardless of the Casino Result, the minimum Royalty Fee per month to be paid by the Licensee to Nolimit shall be €0. Furthermore, the Parties agree on the following set-up fee and RTPs:

Set-up Fee - €0.

RTPs: Option from 96.XX+%, 94.XX+%, 92.XX+%

TABLE 1

Monthly Casino Result	Monthly Royalty Fee
€0 - 600,000	9.00%
€600,001 - 1,400,000	8.50%
€1,400,001+	8.00%

The Casino Result is generated by the Licensee from the Games and shall be calculated as follows:

$$\text{Casino Result} = \text{Total Bets} - \text{Total Wins} - \text{Deductible Bonus Costs}$$

¹ The term ‘progressive’ means that any Casino Result amount generated and falling under the first tier of the Monthly Casino Result shall be invoiced at the respective Monthly Royalty Fee established in Table 1. Any Casino Result amount exceeding a particular tier shall be charged at the following respective tier found in Table 1.

Example:

Monthly Casino Result	Monthly Royalty Fee
€0 - €600,000	9.00%
€600,001 - €1,400,000	8.50%
€1,400,001+	8.00%

Therefore, if Licensee generates a Casino Result amounting to €670,000 in one month, the first €600,000 are charged at a Monthly Royalty Fee of 9% and the remaining €70,000 are charged at a Monthly Royalty Fee of 8.50%.

WHERE

Casino Result is defined as the total aggregated number of Bets *less* total aggregated number of Wins *less* Deductible Bonus Costs;

Total Bets means all and any bets made by Players; namely, real money bets and bets deriving from Nolimit's and/ or the Licensee's promotional tools, on the Games during a particular period;

Total Win means the amount of wins earned by Players from all and any bets; namely, real money bets and bets deriving from Nolimit's and/ or the Licensee's promotional tools, on the Games during a particular period;

Deductible Bonus Costs means the aggregate amount of:

- (i) bonus deductions which are recorded on the Nolimit back office, which shall be based on the total Bonus Wins amount during a particular period; and
- (ii) the additional bonus deductions claimed by the Licensee which are not recorded on the Nolimit back office during the same period;

capped up to an amount of **0%** of the monthly Real Money Game Win (**Bonus Cap**);

Provided that notwithstanding the above, the Parties agree that for the purposes of this Agreement, the Casino Result calculation shall exclude those bets deriving from Nolimit's promotional tools on the Games that are recorded on the Nolimit back office during a particular period. Therefore, for the avoidance of doubt, Nolimit shall only take into consideration real money bets deriving from the Licensee's promotional tools which are not recorded on the Nolimit back office for the purposes of calculating the Casino Result.

Real Money Game Win means the total value attributed to real money bets less the real money wins generated from such real money bets during a particular period;

The **Bonus Cap** will be calculated on each month end result:

The Licensee will send Nolimit a report containing the details of all Deductible Bonus Costs being claimed no later than 36 hours after the end of the previous month, differentiating between the Bonuses recorded on the Nolimit back office and the bonus deductions which are not recorded on the Nolimit back office. These reports will be the basis for the Deductible Bonus Costs value in the Casino Result calculation. The Licensee shall not be entitled to claim any bonus deductions after the aforementioned 36-hour period has lapsed.

In the report, the Deductible Bonus Costs cannot exceed the wins generated from bonus rounds during the period covered by the report. Furthermore, for bonus deductions which are not recorded on the Nolimit back office, the Licensee should provide a detailed statement showing (a) player ID, (b) date of acceptance, (c) the game ID concerned, (d) **Promo or Bonus Specific Details** associated to each player ID and (e) bonus amount. (**Promo or Bonus Specific Details** means Promo/Campaign/Bonus name giving context to what has been attributed to the Player);

Month is a calendar month or such shorter period between:

- (a) the Launch Date and the first day of the immediately following calendar month; and
- (b) the first day of the calendar month in which this Agreement terminates and the date of termination (**Monthly** will be interpreted accordingly);

Additionally, the Parties agree on the availability and integration of the FeatureBet API that shall be integrated for its ability to reward Bonus buys to players.

Reporting and Exchange Rate

Nolimit will report in UTC time zone and all currency conversion being reported in EUR will be extracted via an API-Call from <https://openexchangerates.org/> on daily occurrence. Access to all reports will be made available to the Licensee upon go-live date.
