The purpose of 88 Entertainment B.V. shall be:

- **Online gaming operator**
- General accounting principles

The accounting standards used to prepare the financial statements

Standard accounting principles in place.

Accounting principles for determining the result

The result is the difference between the realizable value of the goods/services provided and the costs and other charges during the year. The results on transactions are recognized in the year in which they are realized.

Other operating expenses

Costs are determined on a historical basis and are attributed to the reporting year to which they relate.

Income tax expense

Tax on the result is calculated based on the result before tax in the income statement, taking account of the losses available for set-off from previous financial years and exempt profit components, and after the addition of non-deductible costs. Due account is also taken of changes which occur in the deferred tax assets and deferred tax liabilities in respect of changes in the applicable tax rate.
