Definitions and Abbreviations

Account Holder	An individual who has a Player Account on the Website.
Anti Money Laundering (“AML”)	All efforts focused on the prevention of money laundering, the direct or indirect participation in any transaction that seeks to conceal or disguise the nature or origin of funds derived from illegal activities.
Caribbean Financial Action Task Force (“CFATF”)	An organization of states and territories of the Caribbean territory that have agreed to implement common countermeasures against money laundering and terrorism financing. (www.cfatf-gafic.org)
Combatting terrorist financing (“CFT”)	All efforts focused on the prevention of providing funds at the disposal of terrorists to be used for committing terrorist attacks.
Combatting proliferation of weapons of mass destruction (“CPWMD”)	Efforts aimed at combatting the financing or provision of funds for the sale, transfer, or export of nuclear, chemical or biological weapons, their delivery systems and related materials.
Cryptocurrency	Distributed, open-source, mathematically based peer-to-peer virtual currencies that have no central administering authority, and no central monitoring or oversight. Examples include Bitcoin, Ethereum, Litecoin and Dogecoin.
Cryptocurrency transaction	The deposit and withdraw of cryptocurrencies into and out of a Player Account held by a Player.
the Company	High Seas N.V., a limited liability company duly organized under Curaçao law registered with the Chamber of Commerce and Industry in Curaçao under number 15737.
Employee	Any person working for the Company.
Financial Action Task Force (“FATF”)	An intergovernmental organization dedicated to developing standards and promoting effective implementation of legal, regulatory and operational measures for combating money laundering, terrorist

	financing and other related threats to the integrity of the international financial system. (www.fatf-gafi.org)
Financial Intelligence Unit ("FIU")	Pursuant to FATF Recommendation no. 26, countries must establish a Financial Intelligence Unit (FIU) that serves as a national center for the receiving (and, as permitted, requesting), analysis and dissemination of suspicious transaction reports (STR) and other information regarding potential money laundering or terrorist financing.
Know Your Client ("KYC")	Know Your Client, the mandatory process of identifying and verifying the client's identity when opening a Player Account and periodically over time.
Money Laundering ("ML")	A process through which criminals conceal, or attempt to conceal, the origin of the proceeds of their illegal activities and disguise, or attempt to disguise, such proceeds to make them appear to be legitimate.

Website	the online gaming platform offering online gaming services operated by the Company.

AML/CFT Policy

1.1 Policy

Money Laundering, Terrorism Financing and proliferation of weapons of mass destruction are some of the ever-growing threats for national and international economies throughout the world, forcing all vulnerable sectors to have measures in place for the prevention of their misuse for these purposes. Individuals involved in ML and/or TF continually attempt to exploit services and products to conceal their unlawful activities and proceeds' true nature. Illicit efforts by such individuals must be recognized and thwarted by all feasible means. AML policies incorporate regulations and laws for limiting financial criminals from concealing funds collected through illicit sources.

ML in the online gaming industry manifests itself in two opposing forms:

- a) the use of criminal funds to fund gambling activities; and
- b) the exchange of criminally acquired funds for legitimate money.

In both cases, authorities fear that those phenomena damage sports, the online gaming industry, and society as a whole. Therefore ML, when not eliminated, can have far-reaching implications.

TF may not involve the proceeds of criminal conduct but rather an attempt to conceal the origin or intended use of the funds, which will later be used for unlawful purposes. Terrorists regularly adapt how and where they raise and move funds and other assets in order to circumvent safeguards that jurisdictions have put in place to detect and disrupt this activity. Identifying, assessing and understanding TF risks is an essential part of dismantling and disrupting terrorist networks, as well as the effective implementation of the risk-based approach of CFT measures. PFWMD may involve the sale, transfer, export, of weapons of Mass destruction, like nuclear weapons and atomic weapons. Such proliferation must be countered, as it poses a significant threat to international peace and security, as identity by relevant United Nations Security Council Resolutions (UNSCRs). Therefore, the CP measures involve identifying and assessing the risks of potential breaches or evasion of the targeted financial sanctions to proliferation financing and taking appropriate mitigating measures with the level of risks identified.

The Company takes AML/CFT/CPF seriously and has policies in place to ensure compliance with the regulations in the jurisdictions where we operate. The Company's procedures and

internal controls are designed to ensure compliance with all applicable national and international regulations and will be reviewed and updated on a regular basis to ensure appropriate policies, procedures and internal controls are in place to account for both changes in applicable law and changes in our business.

1.2 Objectives

This Policy outlines the AML/CFT strategy of the Company in order to:

- a) ensure that statutory and regulatory obligations to prevent ML and FT are met, taking positive action to minimize risk of the Company's products and services being used for the purpose of laundering funds and using proceeds of criminal activity, or terrorist financing;
- b) ensure that the Company does not engage with or continue established relationships with those whose conduct gives rise to suspicion of involvement with ML and/or TF;
- c) terminate any relationships where the Account Holder's conduct gives the Company reasonable cause to believe or suspect involvement with illegal activities. Any such termination shall follow the reporting of the suspicion and thereafter shall be undertaken in conjunction with the relevant authorities and in accordance with the relevant regulations; and
- d) comply with the Company's AML, CFT and CPF obligations based on national and international regulations.

1.3 Scope

This Policy applies to all persons working for the Company or on the Company's behalf in any capacity, including Employees, directors, officers, agency workers, seconded workers, volunteers, interns, agents, contractors, external contractors, third-party representatives and business partners, sponsors, or any other person associated with the Company that falls within the scope of the Company's AML Policies.

This Policy defines procedures that will assist all persons working for the Company to comply with its legal obligations. Failure of an Employee to comply with the procedures defined within this Policy may lead to disciplinary action.

Regulatory Framework

1.4 National regulations

Pursuant to the Code of Criminal Law (Penal Code) (N.G. 2011, no. 48), money laundering is a criminal offence in Curaçao.

Further main national regulations relating to money laundering and terrorist financing are the following:

- a) The National Ordinance on Money Laundering (P.B. 1993, no. 52);
- b) The National Ordinance on the Reporting of Unusual Transactions (N.G. 1996, no. 21) as lastly amended by N.G.2024, no.41(N.G.2017, no.92)(NORUT) together with all amendments thereto and all related National Decrees containing general measures and Ministerial Decrees with general operations;
- c) The National Ordinance on Identification of Clients when Rendering Services (N.G. 1996, no. 23) as lastly amended by N.G. 2024 no.41 (N.G. 2017, no. 99)) (NOIS) together with all amendments thereto and all related National Decrees containing general measures and Ministerial Decrees with general operations;
- d) The National Decree containing general measures on the execution of articles 9, paragraph 2, and 9a, paragraph 2, of the National Ordinance on Identification of Clients when rendering Services. (National Decree containing general measures on Penalties and Administrative Fines for Service Providers) (N.G. 2010, no. 70);
- e) Sanctions national decree Al-Qaida c.s., the Taliban of Afghanistan c.s. Osama bin Laden c.s., and terrorist to be designated locally (N.G. 2010, no. 93); and
- f) National Ordinance on the Obligation to report Cross-border Money Transportation N.G. 2002, no. 74) together with all amendments thereto and all related National Decrees containing general measures and Ministerial Decrees with general operations.
- g) National Ordinance extension of validity sanction decrees 2018 (N.G. 2018, no. 34);
- h) Kingdom Sanction Act (N.G. 2016, no. 54);

These laws and decrees serve as the basis for the procedures maintained by the financial sector of Curaçao to detect and deter industry related risks for money laundering, the financing of terrorism or other criminal activities.

1.5 International regulations

As a member of the Financial Action Task Force (www.fatf-gafi.org) and of the Caribbean Financial Action Task Force (www.cfatf-gafic.org), Curaçao is meeting international standards by regularly implementing these standards in its national legislation.

On an international level, the FATF plays an important role in the combating of ML, TF and PF. The FATF monitors the progress of its members in implementing necessary measures, reviews ML and TF techniques and countermeasures, and promotes the adoption and implementation of appropriate measures globally.

In performing these activities, the FATF collaborates with other international bodies involved in combating money laundering and the financing of terrorism. In total 34 countries are direct members of the FATF and through regional organizations over 180 countries are connected to the FATF.

Subsequently the present policy is a combination of the FATF and local AML/CFT rules and regulations. This ensures a solid, internationally accepted basis regarding AML/CFT. In case local laws and regulations require additional compliance duties, the Company is free to develop additional procedures to comply with local regulations.

Procedures

In an effort to be compliant with the applicable rules, regulations and international standards, the Company has procedures in place to which it attains itself when providing Services to Account Holders. These procedures cover the following standards:

- Risk management
- Know Your Customer Procedure
- Monitoring of Account Holder activities
- Reporting of unusual transactions
- Recordkeeping

1.6 Risk Management

The possibility of online gaming being used by criminals to assist ML and/or TF poses many risks for the Company, such as criminal and regulatory sanctions and/or reputational damage

for the Company and/or its Employees. For this purpose, the Company has carefully identified its risks to manage them accordingly.

The Company takes the following steps to manage its risks appropriately:

- i. identifying the ML and TF risks relevant to the Company;
- ii. assessing the level of risk;
- iii. understanding the impact of the risk;
- iv. designing and implementing appropriate policies, procedures and controls to manage and mitigate these risks;
- v. monitoring and improving the effective operation of these controls and identifying any weaknesses; and
- vi. recording what has been done and why.

In view of the above, the Company conducted a risk assessment to analyse the risks it faces and to ensure that the identified risks are properly mitigated and resources are adequately allocated.

1.6.1 Risk assessment

The possibility of online gaming being used by criminals to assist ML and/or TF poses many risks for the Company, such as criminal and regulatory sanctions and/or reputational damage for the Company and/or its Employees. For this purpose, the Company conducted a comprehensive risk assessment consisting of a Business risk assessment and a Customer risk assessment to identify its risks and manage them accordingly. In line herewith, further specific procedures are drawn up to further describe the processes that need to be in place.

1.6.1.1 Business risk assessment

The following table outlines the identified risks, the corresponding risk category as well as their likelihood and potential impact during the course of business and the risk score.

1.7 Know Your Customer Procedure (Risk-Based & Progressive)

The Company applies a risk-based and progressive customer due diligence framework, ensuring compliance with applicable AML/CFT regulations while maintaining a proportional and customer-friendly experience.

Customer Due Diligence measures are applied systematically to all Account holders during the course of the business relation and are conducted based on defined risk triggers, regulatory thresholds, transaction behavior, or suspicion of money laundering, terrorist financing or proliferation financing.

The Company does not operate as a financial institution, and Player Accounts are used exclusively for wagering and gaming purposes.

1.7.1 Registration (Initial Information)

At registration, an applicant is required to provide basic identification information sufficient to create a Player Account, including:

- First and last name;
- Date of birth;
- Permanent residential address (including Country);
- Email address;
- Telephone number;
- Username and password.

No documentary verification is required at registration unless risk indicators are identified.

1.7.2 Standard Due Diligence

Standard Due Diligence may be conducted in the following circumstances:

- Upon withdrawal request
- When cumulative or one time transaction activity reaches or surpasses XCG 4,000 (or FX equivalent)
- When required by applicable legislation
- When triggered by the Company's risk assessment or monitoring systems.

Where CDD is applied, the Account Holdr may be requested to provide:

- Proof of identity (passport, ID card or driving license); and
- Proof of residential address (e.g. utility bill or official document not older than three months).

Verification is performed using a risk-based approach, including electronic verification tools and third-party service providers where appropriate.

Failure to provide requested documentation within a reasonable timeframe may result in temporary account restrictions until verification is completed. The documents submitted by the account holder for verification are clear, legible and of good quality. If the Company obtains foreign documentation, extra care will be taken with regard to verifying its authenticity, particularly when the type of document is unfamiliar.

In addition, the Company screens all applicants against international sanctions lists in order to prevent sanctioned individuals from opening a Player Account.

1.7.3 Enhanced Due Diligence

Enhanced Due Diligence is applied **only where justified by risk**, including but not limited to:

- Politically Exposed Persons (PEPs)
- Account Holders from high-risk jurisdictions
- Unusual or suspicious transaction behaviour
- High-value or high-velocity transaction patterns

EDD measures **may include**, where appropriate:

- Source of Funds and/or Source of Wealth verification
- Additional identity verification
- Increased monitoring frequency

Source of Funds and Source of Wealth verification is **not applied as a standard measure**, but only where required based on identified risk, regulatory thresholds, or suspicion.

1.7.4 Politically Exposed Persons

PEPs are subject to Enhanced Due Diligence measures, including:

- Senior management approval to establish or continue the business relationship
- Reasonable measures to establish Source of Wealth and Source of Funds
- Enhanced ongoing monitoring

PEP screening is conducted on an ongoing basis using reliable electronic databases.

1.7.5 Customer Risk Classification

Account Holders are classified as **Low, Medium or High Risk** based on multiple risk factors, including:

- Jurisdiction
- Transaction behaviour
- Payment methods
- Monitoring alerts

The level and frequency of monitoring and due diligence applied is proportionate to the assigned risk category.

1.8 The Monitoring of Account Holder activities

The Company takes reasonable steps to prevent activities of money laundering and terrorism financing and constantly monitors all Player activities including financial habits and behavior in order to mitigate industry related risks such as money laundering, terrorism financing and other criminal activities such as fraud.

1.8.1 Unusual activities

The Company has systems in place to monitor the activities on the Player Accounts for the presence of any unusual or suspicious. These activities include but are not limited to:

Duplicate or multiple Player Accounts

Any Player Accounts containing the same personal information, IP address or bank account is considered to be a duplicate account. It is not permitted for an Account Holder to have duplicate Player Accounts or manage more than one (1) Player Account when using the Services on the Website including but not limited to the web-based version. If the Company becomes aware, suspects or believes that this might be the case it reserves the right to immediately terminate any and all Player Accounts held and the Player Account balances either deemed as forfeited by the Account Holder in which event the deposit will be subject to further investigation by the Company. Any winnings arising from such behavior will be forfeited.

Collusion

Upon the suspicion of the multiple registration by Account holders acting in collusion or as a syndicate, the setup of fictitious Player Accounts or the use of front men, the Company reserves the right to change or terminate any bonus offer, cancel any winnings and close Player Accounts.

Identity fraud

At the detection of any use of falsified documentation (identity fraud), the Company will proceed to close the Player Account(s). Any winnings arising from such activities shall be confiscated and the amount deposited will be subject to further investigation.

1.8.2 Deposits and Withdrawals

All financial transactions must match the name of the credit card or other payment accounts through which the Player Account is funded, or money is withdrawn. Any inconsistencies will be considered a breach of the Terms and Conditions. The transaction will be suspended and the Player Account subject to further investigation.

Deposits

An Account Holder is only permitted to use its personal information and personal bank account. The information provided on the deposit form is to be identical to the pertaining data held by the Company.

An Account Holder may deposit money in his Player Account only in order to play on the Website and use the Services and is not allowed to withdraw without prior wagering activity.

Furthermore, the Company will not grant interest on deposits. The Company reserves the right to apply certain restrictions to the payment methods in selected countries and/or for certain Players.

Withdrawals

An Account Holder can only make a withdrawal request once the initial deposit amount is fully used, and specific bonus terms of a bonus are to be satisfied before requesting its withdrawal. No withdrawal will be processed, and funds cannot be withdrawn from the Player's Player Account until: (i) the required verification checks have been satisfactorily completed; (ii) payments have been confirmed; and (iii) the Player has complied with any other withdrawal conditions, specific rules and promotional terms relating to the Player's use of the Website and/or affecting his/her Player Account (for example, any applicable bonus terms), and (iv) wagering activity has been conducted by the Player in a minimum amount to be further determined by the Compliance function.

Withdrawal requests can only be addressed to the Account Holder registered on the Player Account and only to the account from which deposits were made. The information provided on the withdrawal form is to be identical to the personal data held by the Company. Withdrawal requests made to other parties will not be taken into consideration.

1.8.3 Transactions using Cryptocurrency

In those cases where Player requests payment in Crypto, the following will be applicable.

Crypto Cryptocurrency transactions are only possible if the initial deposit was made with a crypto currency. Following this transaction, all transactions (deposits, wagers and payout) with the Player must be conducted using the same crypto currency as with the first deposit.

The Company will at no time sell/buy/exchange crypto currency with and/or to FIAT currency.

The Company will further conduct the following procedure:

- Collect and verify proof of identity and proof of address as described above in the 'Client Due Diligence' paragraph and to make sure that the Player is over 18 years of age;
- Collection and storage of hardware KYC in all pathways from signup, login, deposits and withdrawals, including but not limited to IP address, mac address and browser information to ensure that all wagering, deposits and withdrawals are to/from the same Player (IP and computer);
- The Company will maintain and provide proof of balance (as may be acceptable by the Regulator) to ensure Player's funds have been deposited. The Company will make this available to the Regulator on demand;

- Provide proof of Solvency as per the requirements of the Regulator on a periodic basis (weekly, monthly or as deem fit by the Regulator), to ensure that operator has all funds to cover all bets and jackpots, and that the crypto currency is kept in a separate account.
- The Company will display the rate of exchange from crypto currencies to FIAT currency on the home page of the Website. In no way shall the Company make exchanges between any crypto currency and any FIAT currency.
- The Company must include in their Terms and Conditions and highlight that crypto currency values can change dramatically depending on the market value.

It is important to note that due to the current anti-money-laundering regulations, the Player may deposit money into the Player Account only in order to play and to use the Services. Likewise, the Player may only withdraw winnings and not the funds deposited into the Player Account. Players who deposit and withdraw without gaming activities will have their funds blocked until further notice. The Company is not a financial institution and does not grant interest on deposits. In any case, the Company reserves the unlimited right to apply certain restrictions to the payment methods in selected countries and/or for certain Players.

Notification of new payment methods will be made on the homepage of the Website and sent by e-mail to the Account Holders as they are added. For each new depositing method, this Manual and the Terms and Conditions on the Website might need to be updated accordingly.

1.8.4 Ongoing monitoring

The Company reserves the right to carry out a review of the Player Account at any time to confirm the identity, age and/or registration details provided by the Account Holder, in order to ensure that the Customer's use of the services complies with the Terms and Conditions and all applicable laws. At the moment of registration, the applicant provides the Company with authorization to make any relevant inquiries pertaining to his person and to use and disclose information to any third party considered necessary in order to conduct its verification checks. Third party agencies may be engaged in an effort to confirm the provided age, identity, address and payment details, the ordering of a credit report and/ or the verification of the provided information by checking it against certain public or private databases. All applicants are made aware that by accepting the Terms and Conditions of the Company, they agree that the information provided may be used, recorded and disclosed and that the data may be recorded by the Company or engaged third party.

The review may be performed from time to time at the discretion of the Company and/or due to regulatory, security or other business reasons. During the review the Account Holder may be restricted from withdrawing funds from the Player Account and/ or prevented from accessing certain Services offered on the Website.

1.9 Reporting of unusual transactions

In accordance with the **National Ordinance on the Reporting of Unusual Transactions (NORUT / LMOT)**, the Company is required to identify, document and report unusual transactions or intended transactions to the Financial Intelligence Unit (FIU).

The Company applies both **objective and subjective indicators** in determining whether a transaction qualifies as unusual.

1.9.1 Objective indicators

A transaction, or the intention thereto, must be reported as an unusual transaction where it meets an objective indicator, including but not limited to:

- A transaction related to a person or entity subject to sanctions
- A transaction reported to law enforcement in connection with ML/TF
- A transaction or series of linked transactions with a total value of **NAf 5,000 or more (or FX equivalent), regardless of payment method**, considered per gaming day

Objective indicators apply to cash and non-cash transactions, including electronic and virtual payment methods.

1.9.2 Subjective indicators

A transaction is considered unusual where it is **not in line with the usual or expected activities** of the Account Holder or where there is **reason to suspect** or believe that it may be related to:

- Money laundering
- Terrorist financing
- Proliferation financing

Suspicion may arise from, among others:

- Transaction monitoring alerts
- Behavioural anomalies
- Risk classification changes

- EDD findings

1.9.3 Internal Escalation & Decision Process

All identified unusual transactions are escalated internally to the **Money Laundering Reporting Officer (MLRO)**.

The MLRO is responsible for:

- Reviewing relevant facts and transaction history
- Assessing applicable indicators;
- Documenting the analysis and rationale;
- Deciding whether external reporting is required;
- To review all internally reported unusual transactions for their completeness and accuracy;
- To conduct the external reporting to the FIU / to present the internal reports to the Compliance Officer for reporting to the FIU.

An internal case file is maintained for each escalation, regardless of whether a report is submitted to the FIU.

1.9.4 External Reporting

Where required, unusual transactions are reported to the FIU **without delay**, using the prescribed reporting channels.

The reporting of an unusual transaction **does not automatically result in customer interaction, account restriction or fund blocking**, unless required by law or justified by risk mitigation measures.

The Company ensures that no action is taken that would constitute tipping-off.

1.9.5 Post-Reporting measures

Following reporting, the Company may apply proportionate measures including:

- Enhanced monitoring
- Temporary restrictions
- Termination of the business relationship

Any action taken is based on risk, legal requirements and regulatory guidance.

1.10 Recordkeeping

The Company maintains a record of all relevant documentation on a separate database for at least five years after ending a business relationship. The Company is obliged to retain files in a way that enables investigating authorities to identify a satisfactory audit trail for individual transactions including the amounts, currencies and type of transactions.

In specific circumstances, if ordered by rule of law and permitted by national law and the relevant authorities, the Company may provide copies of the records maintained.

Money Laundering Reporting Officer (MLRO)

The Company has designated an MLRO who is in charge of the review of KYC information and the monitoring of Player Account activities and is further assisted by designated personnel. The MLRO is in charge of the following:

- i. ensure a proper review of the Player Accounts by the personnel in relation to identification and verification of an Account Holder,
- ii. keep a list of registered Account Holders;
- iii. monitor the reviews and investigations conducted by the designated personnel performed on the Player Account activities;
- iv. provide initial and ongoing training to all relevant staff ensuring awareness of their personal responsibilities and the procedures in respect of identifying Players, monitoring Player activity, record-keeping and reporting any unusual/suspicious transactions;
- v. cooperate with all relevant administrative, enforcement and judicial authorities in their endeavor to prevent and detect criminal activity; and
- vi. ensure that this policy is adhered to, reviewed and maintained regularly.

Training

In order to ensure the knowledge and awareness of the AML/CTF risks and the efforts conducted by the Company for the prevention thereof, all relevant staff are required to receive training at least once a year. The MLRO is responsible to determine the content of the training events but will ensure the following topics to be discussed:

- Awareness regarding certain topics and aspects concerning the fight, prevention, control and management of risks in relation to money laundering, the financing of terrorism and bribery and corruption amongst others;
- Policies and procedures maintained by the Company regarding the awareness, detection and deterrence of mentioned risks;
- Mechanisms, procedures, controls, records and tools maintained by the Company in relation to the subjects discussed.

Staff Due Diligence

It is imperative that the Company's employees are of undisputed integrity. To ensure this objective, the Company follows a procedure whereby all applicants must produce a curriculum vitae, at least two references and relevant educational qualification certificates, and/or professional certificates. This information is used to initiate pre-employment checks and screening with the support of third-party screening providers.

Periodical review of AML/CFT policies

The AML/CFT policies of the Company are subject to a yearly review, comprising of a fair and unbiased appraisal of each of the required elements of this policy. The review includes testing of internal controls and transactional systems and procedures to identify problems and weaknesses. The review may be conducted by an Employee or group of Employees, so long as the reviewer is not the MLRO and does not report directly to the MLRO.
