Dear Sirs,

Re: Asobi N.V Source of Funding

Please accept this letter as official confirmation that our business will continue to be funded from ongoing business profits (i.e., retained earnings) made from operating our website Metawin.com.

Should additional funding be required, we can also leverage the resources of our UBO who is an ultra high net worth individual, as evidenced by the documents submitted as part of our license application.

Please do not hesitate to contact me should you require any further information on any of the above.

Yours sincerely
