

Game Name :- AMERICAN ROULETTE

GAMES RULES American Roulette is a popular casino game which features inside bets and outside bets. You play against the House which is represented by the croupier(dealer) who spins the roulette wheel and handles the bets and payouts.

In the American Roulette version, the wheel has 38 slots representing 0-36 numbers and an additional 00. The objective of the game is to predict which slot the ball will land after the wheel is spun.

You have the option to bet on:

A certain number

A combination of numbers

Other categories like the number will be red or black, or even or odd.

The minimum and maximum bets are displayed as MIN/MAX on the table.

Payouts are paid according to the Pay-table. To view the Pay-table, click/tap the PAYS link in the left corner of the bottom panel or click/tap the PAYS option in the main menu.

HOW TO PLAY :-

Select a chip value and place your Bet on the places on the table layout corresponding to the numbers or categories you would like to bet on. You can raise your bet on a spot by clicking several times on the same bet spot.

Click/Tap on Spin to spin the wheel.

The number landed by wheel will be shown on the roulette wheel and a close up Win Box over the wheel. Your win amount will be displayed in the Win Box.

Click/Tap the Re-bet & Spin button to place the same bet as in the previous round and start the wheel spin.

Click/Tap the Undo button to remove the latest placed chip. History section displays the last 15 numbers drawn on the roulette wheel.

BET TYPES :-

INSIDE BETS :-

Bets made on numbers or on the lines between numbers on the internal area of the table

CORNER:-

A corner bet is a bet on 4 numbers. To make a corner bet, place a chip on the intersecting corner of 4 numbers.

SIX LINE:-

A six line bet is a bet on 6 numbers; 2 rows of 3 numbers, excluding 0 and 00. To make a six line bet, place a chip on the start of the line that separates the 2 rows.

OUTSIDE BETS :-

Outside bets are bets placed on the areas of the table that represent groups of numbers. Outside bets include:

COLUMN :-

A column bet is a bet on 12 numbers; 1 column of 12 numbers. To make a column bet, place a chip on one of the 3 areas labeled 2:1

DOZEN :-

A dozen bet is a bet on 12 numbers; 4 rows of 3 numbers. To make a dozen bet, place a chip on one of the areas labeled, 1st -12, 2nd - 12 or 3rd -12.

RED/BLACK :-

A red or black bet is a bet on 18 numbers; either all the black numbers or all the red numbers. To make a red or black bet, place a chip on either of the unlabeled red or black areas.

EVEN/ODD:-

An even or odd bet is a bet on 18 numbers; either all of the even numbers, excluding 0 and 00, or all of the odd numbers. To make an even or odd bet, place a chip on the area labeled EVEN or the area labeled ODD

1-18/19-36:-

A 1-18 or 19-36 bet is a bet on 18 numbers; either the first 18 numbers, excluding 0 and 00, or the last 18. To make 1-18 or 19-36 bet, place a chip on the area labeled 1-18 or the area labeled 19-36

RACETRACK BETS:-

Racetrack bets are one or more inside bets on a series of numbers as they appear on the roulette wheel.

Racetrack bets are made by placing chips directly on the roulette racetrack.

To open the racetrack, click the racetrack button in the bottom left.

A number and neighbors bet is by default a bet on 5 numbers; 1 number plus the 2 numbers that appear on both sides of that number on the wheel.
