PALAU HOLDINGS NV

Subject: Vistagaming

To whom it might concern:

VISTAGAMING is not a legal incorporated entity; it is the website for affiliate services. I Eduardo Morales Hermo, have no conflict of interest in being the UBO of Palau Holdings NV, and I may enter into a service agreement with other entities as well as with third parties. But I do not have any economic or commercial relation with Vistagaming.

Being a shareholder of a company does not prevent an individual from providing professional services to other entities that are unrelated or no to the company of which the individual is a UBO.

In any case, as said, Vistagaming is a very old brand used for affiliates page with no business performance.

If any additional clarification is required, please let me know.

Signed
