Responsible Gambling Policy

Omega Sports Solutions N.V(hereafter referred to as 'Omega Sports') is committed to doing what it can to give its Customers an enjoyable gaming experience, whilst recognising that gambling can cause problems for a minority of individuals. To ensure that the customer continues to enjoy safe and manageable play, Omega Sports supports Responsible Gaming and has measures in place to offer checks.

1. Staying in Control

Omega Sports encourages each of its Customers to actively participate in the management of their gambling account and as such offers a variety of responsible gaming features.

Our responsible gaming statement can be found at <https://www.fun88.com/cn/en/help/policy-responsiblegaming.htm>

1. Deposit Limits

Deposit limits may be set from time to time by Omega Sports.

Deposit limits are initially envisaged for a period of a day at 300,000 CNY and at 50,000 CNY per transaction.

2. Activity Statement

Bet history information relating to each of the customer's gaming sessions at Omega Sports can be viewed by customers, on the international (excluding UK) FUN88 website.

3 Stop Gambling - Exclusion

Should the customer decide that their gambling has become problematic, the customer may also seek to Self-Exclude themselves from future participation on FUN88 (a separate system shall apply for Great Britain).

The following Self-Exclusion options should be available through Omega Sports:

- 90 days
- 7 days

Upon receipt of a customer's permanent Self-Exclusion request and the necessary KYC documents, Omega Sports will take the necessary measures to block the customer's access to FUN88 as operated by Omega Sports and will contact the customer in order to return any remaining funds held in account balances – subject to any outstanding wagering requirements and less bonus money. A minimum refund value of say 100 RMB or such other figure as Omega Sports and Welton Holdings Ltd may agree from time to time or foreign currency equivalent may be applied.

NOTE: Upon the 7 or 90 day Self-Exclusion period expiring, the customer's account may automatically be re-activated.
