Last updated: 01.10.2025

<https://jetton.online> (hereinafter referred to as the "**Platform**", "**JetTon**" or "**We**"), is here to provide an excellent and enjoyable gaming experience and recognize our responsibility in preventing problematic activity. We advise all players to take into account the following, and not game irresponsibly:

1. Gambling should be a form of entertainment, not a means to make money.
2. Always gamble in moderation.
3. Avoid chasing losses.
4. Keep track of the time and money you spend while gambling.
5. Establish time/money limits.
6. Balance your activities, so gambling is not affecting your day-to-day responsibilities.
7. Only gamble when you are sure you can cover any losses.
8. Exclude yourself from playing when you feel you need a break.

1. Responsible Gambling and Self Exclusion.

Responsible Gambling

Gambling, for the majority of our Customers, means entertainment, fun and excitement. But we also know that for some of our Customers gambling has negative side effects. Pathological gambling has long been recognized by medical science as a serious illness.

Since our first day we have thought about this problem and try our best to help. Under "Responsible Gambling" we understand multiple steps of measures, with which a gambling provider can help to lower the possibility of negative side effects appearing. -In case they already appear we also try to take active steps against them.

The most important instrument against negative side effects from gambling is knowledge and education about the risks of gambling to support our Customers self-control in order to make sure they do not suffer from negative side effects.

Helpful hints for Responsible Gambling

We recommend You think about the following hints, before gambling in order to ensure gambling stays fun for You and does not cause any negative side effects:

- Set Yourself a Deposit Limit.
- Play within your means – Set a budget and only gamble with amounts you can afford to lose.
- Avoid chasing losses – Trying to recover lost money by taking bigger risks can lead to further losses. Play responsibly, not out of desperation.
- Set time limits – Determine how long you will play and stick to it - our Website offers a real-time session timer that always remains visible while You are logged in. Gambling should never take priority over other hobbies or responsibilities.
- Play with a clear mind – Avoid gambling when you are stressed, depressed, or under the influence of medication, drugs, or alcohol.
- Take breaks – If you feel tired or find it hard to concentrate, step away and take a break.
- Use a single account – To keep track of your gambling activity and spending, it is strongly recommended that you only create and use one account.

2. Minor Protection.

To use our Service, you must be 18 years or older. To avoid abuse, keep your login data safe from any minors near You.

Principally we recommend a filter program to avoid minors, especially children, to access any context on the internet, which is not healthy for them.

For parents we can recommend a list of internet filters to support them from keeping their children from any context, which was not made for them: <https://famisafe.wondershare.com/internet-filter/best-internet-filters.html>

3. Player Protection Measures.

If we detect signs of problematic gambling behavior, we may take the following actions:

- Deposit Limits – we may apply restrictions on the amount You can deposit within a specified period to encourage responsible spending.
- Temporary Account Suspension – in cases where further review is needed, we may temporarily restrict access to Your account.
- Self-Exclusion – if a player is identified as being at extreme risk, we may impose self-exclusion measures, which could involve restricting access to our Services for a defined period or permanently.

4. Cooling-Off Period:

As a protective measure, we offer You the option to activate a Cooling-Off Period, allowing You to take a temporary break from gambling without the need for permanent restrictions.

Activation of Cooling-Off Period

The Cooling-Off Period can be activated immediately through the "Activate Cooling-Off Period" button below. Once You select the cooling-off period option, You can choose from the following durations:

- 24 hours
- 7 days
- 1 month
- 3 months

You may choose to apply the cooling-off period to specific product categories, such as Slots, Table Games, Fixed Odds Betting, Poker, or all available gambling activities.

You can exclude yourself from any marketing communications during the cooling-off period.

Immediate Activation and Restrictions

Once You activate the Cooling-Off Period:

- The restriction will take effect immediately, preventing Your participation in gambling activities for the selected duration.
- Your account will be locked for gambling activities selected by You.
- You will have the option to opt-out of marketing communications for the duration of Your Cooling-Off Period.

Reactivation and Additional Time-Out Options

At the end of the Cooling-Off Period, Your account will be automatically reactivated, allowing them to resume gameplay without any further action. If further restrictions are needed, you can extend Your cooling-off period or opt for Self-Exclusion for a longer-term break.

5. Self-Exclusion:

In case you are diagnosed with a gambling addiction or try to stay away from gambling for a different reason, we want to assist you to stay away from anything that does nothing good for

you. "Self-Exclusion" means that You exclude yourself, out of Your own choice, from selected gambling services (or all of them).

How to Self-Exclude

You can initiate and complete the Self-Exclusion process entirely online, without requiring email communication or our approval. The process takes no more than 15 minutes to complete.

Steps to Self-Exclude:

1. Click the "Activate Self-Exclusion" button.
2. Select the desired self-exclusion period and gambling product categories You would like to be excluded from (if not all).
3. Confirm your decision by acknowledging the terms of self-exclusion.
4. Submit the request for immediate activation.

Self-Exclusion Periods

You may choose from the following self-exclusion durations:

- 1 year
- 3 years
- 5 years
- 10 years
- Lifetime Exclusion

Once a self-exclusion request is submitted, it takes effect immediately and cannot be revoked before the selected period expires.

You must complete any tournaments (for example poker tournament) that are in-running at the time of self-exclusion.

Contributions to progressive jackpots that you made through gameplay prior to the self-exclusion request remain in place, but you will not be eligible to participate in the jackpot after the self-exclusion comes into effect

What Happens During Self-Exclusion?

- Your account will be locked, restricting access to your selected gambling activities or all gambling services.
- You will be automatically excluded from all our platforms and domains.
- We will take measures to identify and prevent duplicate accounts to uphold the self-exclusion.
- You will be removed from all marketing communications and will no longer receive promotional offers.
- We encourage you to self-exclude from other gambling platforms and seek support from the sources listed above if needed.

Important Notes: The self-exclusion period cannot be shortened or reversed once it is activated.

The Platform shall have no financial liability and shall not be held otherwise accountable if you continue gambling or using a new Account with the Service under a different name or address.

Our Right to Enforce Exclusion

In certain cases, we may initiate an exclusion as a high-risk intervention measure. This may occur, but is not limited to, situations where you exhibit clear signs of problematic gambling behavior.

Reactivation and Post-Exclusion Protocol

After the self-exclusion period ends, your account will not be automatically reactivated. Instead, you must submit a written request to confirm your desire to resume gambling.

As you return to gambling after your self-exclusion period, we strongly recommend:

- Reviewing responsible gaming practices – You will receive a message from us outlining available safeguards to help you maintain control over your gambling habits.
- Completing a Gamblers Anonymous self-assessment questionnaire – This can help you evaluate your gambling behavior and determine if additional protective measures are needed.

Your gaming history will be preserved, and your account will only be restored under your original credentials. No new accounts may be created to bypass the exclusion.

6. Limits.

To help you maintain control over your gambling habits, we also offer Deposit Limits, allowing you to set restrictions on the amount you deposit within a specific timeframe.

Deposit Limits

- You can set deposit limits on a daily, weekly, or monthly basis.
- Once your deposit limit is reached, you will not be able to deposit additional funds until the selected period resets.
- Reducing your deposit limit takes effect immediately, while any request to increase your limit is subject to a seven-day waiting period before being applied.

To increase or decrease your deposit limits, you may find the relevant request option in your personal account, which will become available after you have set a deposit limit.

Exceptions to Limits and Exclusions

While deposit limits and self-exclusion measures take effect immediately, there are certain situations where an active wager or gameplay may be impacted. These include, but are not limited to:

- A time limit being reached while you are actively participating in a poker tournament.
- A limit or exclusion being applied while you have an unresolved ante-post bet on a future event.

In these cases, the restrictions outlined above will still be honored immediately, with the exception of the active gameplay or wager(s). Once the relevant tournament, wager, or event has concluded, the full restrictions will apply without further delay.

7. Training and Staff Readiness.

The Platform ensures that all employees who have direct or indirect interaction with players — including but not limited to Customer Support, VIP Managers, Marketing, and Compliance staff — are properly trained to recognize, manage, and respond to potential signs of problem gambling.

Our training program covers the following key areas:

- Recognition of problem gambling indicators — such as changes in player behaviour, agitation, signs of financial distress, or excessive playtime.
- Effective and sensitive communication with players who may exhibit at-risk behaviour, ensuring a professional and empathetic approach.
- Referral procedures — employees are instructed on how to guide players toward the Responsible Gaming tools available on the Platform and to external support organisations such as GamCare, GambleAware, Gamblers Anonymous, and Gambling Therapy.
- Internal reporting and escalation — staff members are trained to promptly report any identified cases of potentially vulnerable players to the Responsible Gaming Officer or Compliance Department for further assessment and appropriate action.

Training is provided to all new employees during onboarding and is refreshed on a regular basis, at least once per year, to ensure continued awareness and competence in Responsible Gaming principles.
