Subject: Firo Lod N.V.

Dear Team,

At your request, and as already confirmed by email, we hereby inform you that the reason Firo Lod N.V. decided to withdraw its application for a license with the CGA is that the owners of Firo Lod N.V. also wished to hold a Kahnawake license through the same entity.

As this is not permitted under the applicable local regulations, the owners decided to proceed solely with the Kahnawake license application through another foreign entity. Consequently, they chose not to continue with the Curaçao license application and to liquidate Firo Lod N.V.

We trust the above clarifies the reason for withdrawing the application. Thank you for canceling the invoice.

Sincerely,

A.M. Engelhardt on behalf of
