

Responsible Gaming

Betting Company will be committed to Responsible Gambling. However, we know that for some people gambling can stop being a harmless leisure activity and become a problem. We promote gambling as an enjoyable leisure activity and we believe that gambling can only remain this way if you stay in control and gamble responsibly.

We at Betting Company believe that betting should always be an entertaining and straightforward process. However, in the event someone has a problem, we will offer counseling services free of charge on the site and a toll-free number.

People with gambling problems often bet with money they can't afford to lose, withdraw savings, borrow money in order to gamble, and do other things that compromise their personal values. Despite these negative consequences, they may deny that they have a problem, continue to chase losses, neglect family, friends, work, and even their own self-care (they may not eat or sleep properly, for example, or care about their physical appearance).

Problem gambling is gambling that is done excessively and negatively affects other areas of a person's life, such as their physical or mental health, school or work performance, finances, and/or interpersonal relationships.

Problem gambling can affect anyone regardless of age, gender, race or social status.

At Betting Company we offer a range of advice and account options to help you manage you're gambling. These give you control of both the time and money you spend gambling;

- Limiting Deposits
- Age Checks
- Withdrawal Limits to prevent money laundering.

Our customer service staffs receive dedicated training on dealing with problem gambling issues and are available to listen and to support you in keeping control. If you would like to talk to someone here about problem gambling please contact us cmpx.technologies@gmail.com

It is against the law for those under the age of 18 to gamble and Betting Company takes its responsibility to prevent underage gambling very seriously. We carry out age verification checks on all customers and ask for documentary proof of age where checks are inconclusive. We will have an age validation on signup where users will have to input their date of birth.

The accounts of anyone under the age of 18 found to be gambling with Betting Company will be closed and any winnings will be forfeited. If necessary legal action will be carried on the above for violating our service age limit.
