STARFISH MEDIA N.V.

Report of the Sole Director

The Sole Director presents the annual report and the financial statements of Starfish Media N.V. ("the Company") for the year ended 31 December 2022.

Principal activities

The company was incorporated on 23 February 2012 and the principal activities during the financial year under review is of online casino operation.

Review of developments, position and performance of the Company's business

These financial statements cover the year from 1 January 2022 up to 31 December 2022.

Starfish Media N.V. ("Starfish") holds a Curaçao gaming licence authorising it to provide internet gaming, services and products. Starfish is licenced by a sub-licence from Curaçao eGaming, a company registered in Curaçao holder of Master Gaming Licenses #1668/JAZ and B2C-534WTJ2N-1668JAZ, to provide online gambling services. The company has an agreement with Curaçao eGaming outlining the sublicensing which in turn is regulated by the licensing authority in Curaçao. The Sole Director is responsible for, and ensures, the compliance of the Group with the requirements of the licensing authority in Curaçao and other related laws and regulations. There are no employees in Curaçao.

Starfish entered into a Cooperation Agreement, effective 21 May 2015 and still in force, with Mobile Technology Marketing Ltd, a company registered in the British Virgin Islands, having registration number 1838057, which was subsequently assigned by Mobile Technology Marketing Ltd to its fully owned subsidiary, Mobile Technology Marketing B.V., company incorporated under laws of Curacao, with registration number 155946 ("MTM"). MTM holds a Curaçao gaming licence authorising it to provide internet gaming, services and products by virtue of a sub-licence from Curaçao eGaming, a company registered in Curaçao, holder of Master Gaming License #CM-H2GFPRPR-1668JAZ, to provide online gambling services.

The scope of the Agreement is to utilise respective resources, assets and expertise in order to maximise the exploitation of resources, assets and expertise in the provision of online gaming business with the aim of furthering the existing Gaming Business.

On the basis of the Agreement, the operation of websites on a business-to-consumer basis is carried out by MTM under the MTM Gaming Licence. The regulatory responsibility for operating and hosting Websites in the approved facilities lies solely with MTM. Starfish is and shall remain the sole owner of all rights in and to the Starfish assets.

In consideration for the provision of the Gaming Licence and carrying out the functions stated under the Agreement, MTM is entitled to a monthly Reserved Portion at commercial mutually advantageous rates. MTM holds no other right over incomes and expenses generated by the Gaming Business.

Details of the terms of the Agreement have been disclosed by virtue of MTM being a key business partner of Starfish.

STARFISH MEDIA N.V.

Report of the Sole Director (continued)

Review of developments, position and performance of the Company's business (continued)

Starfish has its own subsidiary company, StarPay Limited ("StarPay") which primarily carries out the of processing of payments through gateways for and on behalf of its parent company.

At the end of the reporting period the immediate and ultimate parent company of Starfish Media N.V. was and remains Angler Gaming plc a company registered in Malta with its registered address at Office 1 / 3327, Level G, Quantum House, 75 Abate Rigord Street, Ta' Xbiex XBX1120, Malta and Registration Number: C55255.

Angler Gaming plc, as parent company, and all of its subsidiary undertakings, is listed on:

Spotlight Stock Market, Klarabergsviadukten 63, 9th floor, 101 23 Stockholm, Sweden.
(Stock symbol: ANGL)

Revenues and Profit from operations

The financial statements show that revenue in 2022 reduced by 24.82% over 2021 reaching EUR 28,497,082 (2021: EUR 37,907,254) and operating profit reduced significantly to a loss EUR 106,763 (2021: profit of EUR 10,180,443) in absolute terms.

The Company notes that in Q4 it has written off receivables of EUR 2,453,363 (Note 8). No further movements were deemed necessary as at 31 December 2022 following a review carried out in accordance with the company's accounting policies.

(Loss)/Profit after finance expenses and tax

The loss of the Company after finance expenses and tax for the year ended 31 December 2022 was EUR 968,413 (2021: profit of EUR 9,712,171).

Statement of financial position

On 31 December 2022, the total assets of the Company were EUR 17,069,553 (2021: EUR 13,801,230) and the company's accumulated losses exceeded the paid-up share capital by EUR 967,916 (2021: net assets EUR 9,712,968).

STARFISH MEDIA N.V.

Report of the Sole Director (continued)

Principal Risks and Uncertainties faced by the Company

The Company's principal activity is that of online casino operation, and to date, operates and provides related services in the iGaming industry. The entire revenue stream of the Company and its business partner entities is concentrated within the iGaming sector and is subject to the concentration risk and performance risk of this sector. The laws and regulations surrounding the online gambling industry are complex, frequently being introduced or amended in various European and other countries, which may lead to prohibiting or restricting operations or altering operating conditions therein. Future changes to laws and regulations could have a material adverse effect on the Company's business, financial condition, and the results of its operations.

In addition to the above, the Sole Director also considers the following risks as being relevant to the Company and its business partner entities:

- Compliance and regulatory risk, being the risk relating to regulation that could result in restrictions in its customers' operations and risks associated with unregulated markets;
- Credit risk, being the risk that customers do not pay for the services rendered;
- Impairment risk of intangible assets, being the risk that long term assets such as intangibles are particularly at risk of impairment due to the fact that the carrying value may be impacted by several unwarranted events and economic circumstances. Intangible assets having an indefinite life are tested for impairment on an annual basis to ensure the Company's total asset value is not overstated on the balance sheet after taking into consideration events and economic circumstances that occur between annual impairment tests in order to determine if it is 'more likely than not' that the market value of the indefinite useful life tangible asset has dropped below its carrying value;
- Technological and systems development; and
- Dependence on key individuals and/or suppliers having technical expertise of iGaming software development and its associated technology.

The aforementioned risks are not an exhaustive list of potential risks and uncertainties faced by the Company and its business partners. If any of the risks occur, the Company and the Angler Gaming plc Group of which it forms part, business operations, financial condition and operating results may be adversely affected.

Financial Risk Management

Information on the financial risks and uncertainties faced by the company is disclosed in Note 3.

Results

The Company's results for the year are set out on page 9.

STARFISH MEDIA N.V.

Report of the Sole Director (continued)

Dividend

The Sole Director resolved, in due observance of the Company's article 19.1, to advise not to declare a dividend.

Distribution of dividend

The dividend of EUR 9,712,171 approved by the shareholders resolution in the shareholders meeting held in 2022 in respect of 2021 profits was distributed during 2022.

Share Capital

There were no changes in the share capital of the Company.

Board of Directors

The Sole Director of the company who held office throughout the year was:

Guardian Corporation Curaçao B.V.

In accordance with the company's Articles of Association the Sole Director remains in office.

COVID-19 and Financial and Operational performance

Following the outbreak of the COVID-19 pandemic, the Company and the Angler Gaming plc Group of which it forms part embarked upon an exercise which saw it implement a number of initiatives aimed at ensuring continuity of service and at the mitigation of a potential negative impact on business. Despite the challenges presented by the outbreak of this pandemic, the Company and the Angler Gaming plc Group of which it forms part has managed to mitigate any significant impact on its operations and performance to date, taking cognisance of the Group's financial results for the year. The Group has already taken and will continue taking steps to safeguard the business, and the strategic priority remains the long-term sustainability of the Group with a focus on growing the business.

Going Concern

Having made an appropriate assessment of going concern, the Sole Director, at the time of approving these financial statements, has determined that there is reasonable expectation that the Company has adequate resources to continue operating for the foreseeable future. For this reason, these financial statements have been prepared on a going concern basis which assumes that the Company will continue in operational existence for the foreseeable future and will meet their financial obligations as and when they fall due.

STARFISH MEDIA N.V.

Report of the Sole Director (continued)

Events after the Reporting Period

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued. Based upon this review the Company did not identify any subsequent events that would have required adjustment or disclosure in the financial statements.

Future Developments

The Sole Director anticipates the business environment will remain competitive. The director believes that the company is in a good position and that the risks that have been identified are being managed. With careful focus on appropriate diversification and development of new products, as well as continuing review of the state of the market and the activities of competitors, the director is confident in the company's ability to maintain and build on this position, albeit with cautious growth expectations. Strategic priority remains the long-term sustainability of the Company with a focus on growing the business.

The Report was approved by the Sole Director on 27 April 2023.

STARFISH MEDIA N.V.

Statement of Director's Responsibilities

The director is required to prepare financial statements which give a true and fair view of the state of affairs of the company at the end of each financial period and of its profit or loss for that period. In preparing the financial statements, the director is required to:

- adopt the going concern basis unless it is inappropriate to presume that the company will continue in business;
- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether International Financial Reporting Standards (IFRSs) as adopted by the European Union have been followed;
- account for income and charges relating to the accounting period on the accrual basis
- value separately the components of assets and liability items; and
- report comparative figures corresponding to those of the preceding accounting period

The director is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the requirements of the licensing authority in Curaçao and other related laws and regulations, in particular the E-zone legislation in Curaçao. The director is also responsible for ensuring that an appropriate system of internal control is in operation to provide them with assurance that the assets of the company are being properly safeguarded and that fraud and other irregularities will be prevented or detected.

STARFISH MEDIA N.V.

Independent Practitioners' Review Report to the Members of Starfish Media N.V.

Report on the Financial Statements

We have reviewed the accompanying financial statements of Starfish Media N.V. (which comprise the statement of financial position as at 31 December 2022, the statement of comprehensive income, the statement of changes in equity, and the statement of cash flows for the year then ended) and a summary of significant accounting policies and other explanatory information.

Director's Responsibility for the Financial Statements

The Sole Director is responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Practitioners' Responsibility

Our responsibility is to express a conclusion on the accompanying financial statements. We conducted our review in accordance with International Standard on Review Engagements (ISRE) 2400 (Revised), Engagements to Review Historical Financial Statements. ISRE 2400 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the financial statements, taken as a whole, are not prepared in all material respects in accordance with the applicable financial reporting framework. This Standard also requires us to comply with relevant ethical requirements.

A review of financial statements in accordance with ISRE 2400 (Revised) is a limited assurance engagement. The practitioner performs procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluates the evidence obtained.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, we do not express an audit opinion on these financial statements.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that these financial statements do not give a true and fair view of the financial position of Starfish Media N.V. as at 31 December 2022, and of its financial performance and cash flows for the year then ended, in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities.

STARFISH MEDIA N.V.

Notes to the financial statements.

1 General information

Country of incorporation

The Company was incorporated in Curaçao on 23 February 2012 as a limited liability company with the Commercial Register of the Curaçao Chamber of Commerce & Industry under number 125528. The registered office of the company is at Kaya Richard J. Beaujon z/n Landhuis Joonchie II, Curaçao. These financial statements were approved for issue by Guardian Corporation Curaçao B.V. as Sole Director on 27 April 2023.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

Basis of preparation and statement of compliance

The financial statements are prepared under the historical cost convention and are in accordance with:

- International Financial Reporting Standards (IFRSs) as adopted by the EU;
- Companies Act, 1995 (CAP 386 of the Laws of Malta)

These financial statements have been prepared on a going concern basis as the director believes there are no material uncertainties that lead to significant doubt that the entity can continue as a going concern in the foreseeable future.

Standards, Interpretations and Amendments to Published Standards endorsed by the EU effective in the current year

The accounting policies adopted are consistent with those of the previous financial year, except for the following amendments to IFRS effective during the year:

- Amendments to IFRS 16 Leases: COVID-19- Related Rent Concessions beyond 30 June 2021 (issued on 31 March 2021)
- Amendments to IFRS 3 Business Combinations; IAS 16 Property, Plant and Equipment; IAS 37 Provisions, Contingent Liabilities and Contingent Assets; and Annual Improvements 2018-2020 (All issued 14 May 2020)
- Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 Interest Rate Benchmark Reform – Phase 2 (issued on 27 August 2020)
- Amendments to IFRS 4 Insurance Contracts – deferral of IFRS19 (issued on 25 June 2020)

These amendments and interpretations do not have an impact on the financial statements of the Group. The Group has not early adopted any standard, interpretations or amendments that have been issued but are not yet effective.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

2 Summary of significant accounting policies (continued)

Standards, Interpretations and Amendments to Published Standards as adopted by the EU which are not yet effective

Up to date of approval of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but which are not yet effective for the current reporting year and which the Group has not early adopted but plans to adopt upon their effective date. The new and amended standards follow:

- Amendments to IFRS 17 Insurance Contracts: Initial Application of IFRS 17 and IFRS 9 – Comparative Information (issued on 9 December 2021) (effective for financial year beginning on or after 1 January 2023)
- Amendments to IAS 12 Income Taxes: Deferred Tax related to Assets and Liabilities arising from a Single Transaction (issued on 7 May 2021) (effective for financial year beginning on or after 1 January 2023)
- Amendments to IAS 1 Presentation of Financial Statements and IFRS Practice Statement 2: Disclosure of Accounting policies (issued on 12 February 2021) (effective for financial year beginning on or after 1 January 2023)
- Amendments to IAS 8 Accounting policies, Changes in Accounting Estimates and Errors: Definition of Accounting Estimates (issued on 12 February 2021) (effective for financial year beginning on or after 1 January 2023) - IFRS 17 Insurance Contracts (issued on 18 May 2017); including Amendments to IFRS 17 (issued on 25 June 2020) (effective for financial year beginning on or after 1 January 2023)

The changes resulting from these standards, interpretations and amendments are not expected to have a material effect on the financial statements of the Group.

Standards, Interpretations and Amendments that are not yet endorsed by the EU

The Group is still assessing the impact that these new standards will have on the financial statements.

Financial asset

The financial asset represents a long-term investment in a subsidiary company and is stated at cost. Provision is made where, in the opinion of the director, there is a permanent diminution in value.

Dividend income is recognised when the right to receive payment is established. On disposal of a financial fixed asset, the profit or loss is calculated as the difference between net disposal proceeds and the carrying amount and is credited or debited to the profit and loss account.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

2 Summary of significant accounting policies (continued)

Revenue recognition

Revenues earned by the Company are recognised on the following bases:

(i) Casino Revenue

Under IFRS 15 Revenue from contracts with customers, revenue is to be recognised when the customer assumes control over the sold item or service and has the ability to use and obtain benefit from those items or services.

Casino revenue is defined as Bet - win - jackpot contribution - bonus cost - loyalty points - manual adjustments user balances. Jackpots, other than progressive jackpots, are recognized at the time they are won by customers.

Progressive jackpot provisions are recognized and accrued for as the obligation becomes unavoidable.

Cost of sales includes payment processing fees to payment suppliers, affiliate expenses, gaming license fees for products, software licence fees and affiliate costs.

(ii) Interest income

Interest income is recognised on a time proportion basis using the effective interest method.

Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of the company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in 'euro currency' (€), which is the Company's presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

Property, plant and equipment

Property, plant and equipment comprise mainly computer equipment. This is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

The Company does not have title to other property, plant and equipment.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

2 Summary of significant accounting policies (continued)

Intangible assets – computer software

Costs associated with maintaining computer software programs are recognized as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the company are recognised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software product so that it will be available for use;
- management intends to complete the software product and use or sell it;
- there is an ability to use or sell the software product;
- it can be demonstrated how the software product will generate probable future economic benefits;
- adequate technical, financial and other resources to complete the development and to use or sell the software product are available; and
- the expenditure attributable to the software product during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software product include the software development employee costs and an appropriate portion of relevant overheads.

Other development expenditures that do not meet these criteria are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

Depreciation on computer equipment

Depreciation is calculated to write off the cost of fixed assets on a straight-line basis over the expected useful lives of the assets concerned having regard to their residual value. The annual rates used for this purpose, which are applied consistently, are:

	Useful life	%
Computer equipment	36 months	33.33

Intangible assets amortisation

Amortisation is provided at rates calculated to write off the cost less estimated residual value of each asset on a straight-line basis over its estimated useful life as follows:

	Useful life	%
Software	72 months	16.67
Vuetec Player Database and Bingo Assets	36 months	33.33

Brand and domain have an indefinite life and are not amortized, but rather evaluated for impairment annually.

Employee benefits

Contributions towards the state pension are made in accordance with local legislation. The only obligation is to make the required contributions. Costs are expensed in the period in which they are incurred.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

2 Summary of significant accounting policies (continued)

Current and deferred income tax

(i) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted at the reporting date in the country where the company operates and generates taxable income.

Current income tax is charged or credited to profit or loss. Current income tax relating to items realized directly in equity is realized in equity and not in the statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

The charge for current tax is based on the taxable result for the period. The taxable result for the period differs from the result as reported in profit or loss because it excludes items which are non-assessable or disallowed and it further excludes items that are taxable or deductible in other periods.

(ii) Deferred income tax

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax liabilities are realized for all taxable temporary differences and deferred tax assets are realized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be realized.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when the Group has a legally enforceable right to settle its current tax assets and liabilities on a net basis.

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of receivables. The amount, being the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the statement of comprehensive income.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

2 Summary of significant accounting policies (continued)

Share capital and dividends

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Incremental costs directly attributable to the issue of new shares or for the acquisition of a business, are included in the cost of acquisition as part of the purchase consideration.

Dividend distribution to the company's shareholders is recognised as a liability in the financial statements in the period in which the dividends are approved by the company's shareholders. Interim dividends are approved by the directors and recognised when paid.

Non-refundable shareholder contribution

The previous shareholding company contributed a non-refundable financial amount before the parent company was listed on Spotlight Stock Market. This amount is free from any security, obligation, or repayment.

Trade and other payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Provisions

Provisions are recognised when the Company have a present obligation as a result of a past event, and a reliable estimate can be made of the amount of the obligation. Provisions are measured at management's best estimate of the expenditure required to settle the present obligation at the financial reporting date and are discounted to present value when the effect is material. Provisions are reviewed each financial reporting date and adjusted to reflect the current best estimate.

Cash and cash equivalents

Cash and cash equivalents are defined as cash in hand, demand deposits and short term, highly liquid investments readily convertible to known amounts of cash and subject to significant risk of changes in value. For the purpose of the statement of cashflows, cash and cash equivalents consist of cash in hand and deposits at banks, net of any outstanding overdrawn bank balances.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

2 Summary of significant accounting policies (continued)

Capital disclosures

The Company's objectives when managing capital are:

- to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company sets the amount of capital in proportion to risk. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

Consistently with others in the industry, the Company monitors capital on the basis of the debt-to-adjusted capital ratio. This ratio is calculated as $\text{net debt} \div \text{adjusted capital}$. Net debt is calculated as total debt (as shown in the statement of financial position) less cash and cash equivalents. Adjusted capital comprises all components of equity (ie share capital, share premium, non-controlling interests, retained earnings, and revaluation reserve) other than amounts accumulated in equity relating to cash flow hedges, and includes some forms of subordinated debt.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

3 Financial risk management

Financial risk factors

The Company's activities potentially expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the company's financial performance. The Board provides principles for overall risk management, as well as policies covering risks referred to above and specific areas such as investment of excess liquidity. The company did not make use of derivative financial instruments to hedge certain risk exposures during the current financial period.

The Company's risk management is coordinated by the Board and focuses on actively securing the Company's short term to medium term cash flows by minimising the exposure to financial risks.

The most significant financial risks to which the Company are exposed to are described below.

(i) Credit risk

Credit risk is managed on a Group basis, except for credit risk relating to accounts receivable balances. Each local entity is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered.

Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures, including outstanding receivables and committed transactions. The maximum exposure to credit risk at the end of the reporting period in respect of the mentioned financial assets is equivalent to their carrying amount. The company does not hold any collateral as security in this respect. The company banks only with financial institutions with high quality standing or rating.

(ii) Liquidity risk

The Company's exposure to liquidity risk arises from its obligations to meet financial liabilities, which comprise principally, trade and other payables and other financial liabilities. Prudent liquidity risk management includes maintaining sufficient cash and committed credit facilities to ensure the availability of an adequate amount of funding to meet the Company's obligations when they become due.

(iii) Foreign currency risk

Foreign currency transactions arise when the Company enter into transactions denominated in a foreign currency. The risk arising from foreign currency transactions is managed by regular monitoring of the relevant exchange rates. The Director considers foreign exchange risk exposure not to be material and accordingly a sensitivity analysis disclosing how profit or loss and other comprehensive income would change as a result of a reasonable possible shift in foreign exchange rates, is not considered necessary.

9 Operating (loss)/profit before finance (cost)/income

	2022 EUR	2021 EUR
Operating (loss)/profit for the financial year is stated after charging:		
Director's remuneration and other emoluments		
Guardian Corporation Curaçao B.V. (Managing Director: G-Force Corporate Services B.V.) fees.	25,567	26,008
Charges paid by the company to fellow subsidiaries of Angler Gaming plc, for Management Support services	3,361,454	2,173,000
Fees payable to the group auditors as follows:		
for the independent accountants' review report	6,750	6,750

The company has identified the below as material due to the significance of its nature and/or amount and is listed separately here to provide a better understanding of the financial performance:

Bad debts are written off from time to time as determined by management and the Board when it is reasonable to expect that the recovery of the debt is considered to be remote. All write-offs are on a case-by-case basis, taking account of the exposure at the date of the write off. Amounts written off are brought to account as an expense in the Statement of Comprehensive Income. Bad debts are written off against the provision for doubtful debts if a provision for impairment had previously been recognised.

In Q4 the company has written off receivables of EUR 2,453,363 (Note 8). No further movements were deemed necessary as at 31 December 2022 following a review carried out in accordance with the company's accounting policies.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

11 Income tax

	2022 EUR	2021 EUR
Taxation attributable to profit is made up of:		
Tax provision made	-	-
Effect of change in Curaçao tax rate recognised in profit or loss	425,861	-
Total tax credited/(charged) to profit or loss relating to the period	<u>425,861</u>	<u>-</u>

The provisions for Curaçao taxation that had been previously made are being halted and reversed on the basis of tax advice from Curaçao that has been received in 2022. The tax advice states that as from 1 January 2020, the profit tax system of Curaçao has changed from a worldwide system to a territorial system. This entails that only the profit generated by domestic activities is subject to Curaçao profit tax. In accordance with the Guidelines that were recently published by the Government, the profit of the company is regarded as domestic profit, unless it can be proven which part of the profit is generated with foreign activities. Taking into account the Guidelines and considering that the company does not incur any local 'causal' costs, the profit of the company should be regarded as foreign profit for Curaçao profit tax purposes. Consequently, the profit for the financial year 2020, and subsequent, should in principle not be subject to Curaçao profit tax.

12 Investments in subsidiaries

	2022 EUR	2021 EUR
Cost and net book value		
At 1 January 2022 and 31 December 2022	<u>1,499</u>	<u>1,499</u>

Payment Processors balances include amounts receivable of EUR 145,285 (2021: EUR 38,258) which are past due at the end of both the reporting periods for which the Company has not recognised a loss allowance since the Company considers that the amounts are still recoverable. If events or circumstances develop adversely, the carrying amount may not be fully recoverable. The Company believes that, based on historic default rates, adequate allowance for all doubtful receivables as necessary exists as at year end.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

15 Trade and other receivables (continued)

A loan facility for a maximum of EUR 3,500,000 was granted to a third-party company established to provide business-to-consumer ("B2C") gaming services in connection with the new business-to-business ("B2B") cooperation agreement for another Casino project based on the Starfish iGaming Platform. Amounts spent up to the end of the financial year under review were EUR 191,702, leaving approximately EUR 3,308,298, which are not provided for in these financial statements. The funds shall be made available to the borrower company in tranches according to the demands of the borrower's Gaming Business provided the Gaming Business is to be carried out under a regulatory licence. The project is expected to go live and start generating revenues in Q2 2023.

Intra-group balances are unsecured, bear no interest and have no fixed date of repayment. No expense has been recognised in these financial statements for bad or doubtful debts in respect of amounts due from the related parties.

20 Related parties and other key contracts (continued)

Cooperation agreement effective 21 May 2015

Starfish Media N.V. entered into a Cooperation Agreement, effective 21 May 2015 and still in force, with Mobile Technology Marketing Ltd, a company registered in the British Virgin Islands, having registration number 1838057, which was subsequently assigned by Mobile Technology Marketing Ltd to its fully owned subsidiary, Mobile Technology Marketing B.V., company incorporated under laws of Curacao, with registration number 155946 ("MTM"). MTM holds a Curaçao gaming licence authorising it to provide internet gaming, services and products by virtue of a sub-licence from Curaçao eGaming, a company registered in Curaçao, holder of Master Gaming License #CM-H2GFPRPR-1668JAZ, to provide online gambling services.

The scope of the Agreement is to utilise respective resources, assets and expertise in order to maximise the exploitation of resources, assets and expertise in the provision of online gaming business with the aim of furthering the existing Gaming Business.

On the basis of the Agreement, the operation of websites on a business-to-consumer basis is carried out by MTM under the MTM Gaming Licence. The regulatory responsibility for operating and hosting Websites in the approved facilities lies solely with MTM. Starfish is and shall remain the sole owner of all rights in and to the Starfish assets.

In consideration for the provision of the Gaming Licence and carrying out the functions stated under the Agreement, MTM is entitled to a monthly Reserved Portion at commercial mutually advantageous rates. MTM holds no other right over incomes and expenses generated by the Gaming Business.

Details of the terms of the Agreement have been disclosed by virtue of MTM being a key business partner of Starfish.

21 Going concern

These financial statements have been prepared on a going concern basis which assumes that the Company will be able to realise its assets and discharge its liabilities in the normal course of business for the foreseeable future.

The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future. The shareholders and ultimate parent company of the Company are committed to providing financial and other support as is necessary to permit the Company to continue in operational existence. However, because not all future events or conditions can be predicted, this is not a guarantee as to the ability to continue as a going concern.

The financial statements do not include any adjustment that would result if additional funding were not forthcoming or if performance targets were not met.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

22 Commitments

- 1) A loan facility for a maximum of EUR 3,500,000 was granted to a third-party company established to provide business-to-consumer ("B2C") gaming services in connection with the new business-to-business ("B2B") cooperation agreement for another Casino project based on the Starfish iGaming Platform. Amounts spent up to the end of the financial year under review were EUR 191,702 (Note 15), leaving approximately EUR 3,308,298, which are not provided for in these financial statements. The funds shall be made available to the borrower company in tranches according to the demands of the borrower's Gaming Business provided the Gaming Business is to be carried out under a regulatory licence. The project is expected to go live and start generating revenues in Q2 2023.
- 2) It was considered improbable in the financial year under review that there would be an outflow of economic resources relating to the contingent liabilities based on the obligation to pay the jackpots (or a portion thereof as applicable) on games belonging to the Company. An outflow of resources was not deemed sufficiently probable as of the balance sheet date to justify the recognition of a provision and not included in the balance sheet. Since the contingent liability from these operational circumstances could not be reliably quantified as of the balance sheet date, this matter was not considered in the financial statements.
- 3) The parent company and other group entities is committed to carry out various actions within the framework of its planned development efforts. While it is not practicable to precisely quantify the potential liabilities under these various actions, the Group is satisfied that it has made reasonable provision in the financial statements for the likely outcomes of these actions where material. In the normal course of operations, the Group seeks to comply with all applicable laws and regulations but may be subject to regulatory actions and interventions across its markets, the outcome of which are generally difficult to predict. Though the outcome is uncertain, the Board of Directors believes such eventualities would not materially affect the financial position of the Group and no provision has been made in these financial statements.

23 Events after the accounting period end

There were no particular important events or transactions affecting the company that have occurred since the end of the accounting period, which, though properly excluded from the financial statements, are of such importance that they should have been disclosed in the notes to the financial statements.

STARFISH MEDIA N.V.

Notes to the financial statements (continued)

24 Significant risks and uncertainties

The Company, its sister companies and business partners operate in the online gaming industry. The Company itself operates on the basis of its international Curaçao gaming licence authorising it to provide internet gaming, services and products.

For internet-based betting operations, there is uncertainty as to which country's law ought to be applied, because internet operations can be linked to several jurisdictions. Legislation concerning internet betting is under scrutiny in many jurisdictions. Certain EU countries have regulated their market by means of country specific licenses whilst discussions are in progress on the liberalisation of a number of other markets in Europe.

The Company monitors the legal situation both within the EU and in jurisdictions outside the EU, and if the regulatory situation in any of its key markets were to materially change, the Company if feasible would obtain the required licenses or take appropriate actions to be in a position to continue operation in that jurisdiction. Outside the EU area there are geographies with unclear gambling laws which over time may affect the Company's revenue, earnings and expansion opportunities, depending on what legal regulatory changes may take place and their implications.

The evolving environment and consequences for the online gaming market are uncertain and make compliance a complex area with the risk of non-compliance ever present. The Company's assessment is that regulations and the introduction of legislation, both within and outside the EU, or changes in national legislation regarding inter alia, stakes, marketing, restrictions regarding online gaming or taxes etc., in jurisdictions in which the Company's services could be made available could result in a material adverse impact on the Company's operations, financial position and earnings. Violations of existing legislation could lead to significant fines and/or tax exposures that have not duly been provided for in the financial statements.

The legal and technical solutions, as well as restraints on marketing, that the Company may apply in order to limit users' access in certain jurisdictions may prove to be insufficient and pose both a risk and an opportunity to the Company.

25 Ultimate controlling party

The Sole Director considers that the company is jointly controlled by the directors of Angler Gaming plc, as parent company, by virtue of their ability to act in concert in respect of the operational and financial policies of the company and that there is no ultimate controlling party. No individual has an ultimate controlling interest in the company.
