Our Mission

For already more than 5 years Duckdice.io has been a part of the Curaçao eGaming community and we would love to go on and achieve our own License. Duckdice.io is a dynamic online casino, operating at the intersection of gaming, social networking and crypto. Our mission is to deliver the best possible experience to users and unite crypto-enthusiasts from all over the world. We would love our platform to grow and become bigger, profitable and successful on a daily basis. We are perfectly aware of the intense competition in the gambling arena, but we're completely sure that the above-mentioned strategy will help us to have a good thing going.

Company and Management

The main person behind the Duckdice.io and the Key Individual is Yevhen Abramov. He is the main shareholder and the UBO. Yevhen is a person who possesses a unique combination of technical expertise, leadership skills, and an understanding of both the gambling industry and cryptocurrency technology. He is a crypto-enthusiast and trader by nature as well. His innovative thinking and strategic planning allow the platform to be scaled effectively and always stay ahead of the competition.

What is more DuckDice.io has Key entities and strategically aligned itself with business partners to augment its operational capacities. Through its collaboration with SumSub, a leading KYC provider, DuckDice.io fortifies its platform with rigorous identity verification protocols, thereby ensuring adherence to regulatory standards and fostering a secure gaming environment. Furthermore, the partnership with Betby significantly enriches the platform's offerings by integrating a comprehensive array of sports betting options, catering to a diverse spectrum of user preferences. Additionally, DuckDice.io benefits from its association with SoftSwiss, a renowned whitelabel casino provider, thereby facilitating seamless integration of casino games and elevating the overall gaming experience for its clientele.

Our Services

DuckDice.io aims to provide a comprehensive and engaging online cryptocurrency dice gaming experience. Our primary focus will be on operating the DuckDice brand, leveraging cutting-edge technology and innovative gameplay to attract users from around the globe. The services we offer will revolve around the following key components:

Brand Portfolio: DuckDice.io: Our flagship platform, offering a sleek and user-friendly interface for players to engage in dice gaming using various cryptocurrencies.

Target Markets: Global Reach: While our services will be accessible worldwide, our initial target markets will include regions with a high prevalence of cryptocurrency users, such as North America, Europe, and Asia.

Tools and Software: Cutting-Edge Gaming Software: We will utilize state-of-the-art gaming software to ensure a seamless and enjoyable user experience, including provably fair algorithms to guarantee fairness and transparency.

Secure Payment Gateways: Integration with reputable payment gateways to facilitate swift and secure cryptocurrency transactions.

Customer Support Systems: Implementation of robust customer support systems to address user inquiries and concerns promptly. As part of our commitment to transparency, we will provide verification of all third-party tools and software agreements upon request. These will include licensing agreements, security certifications, and any other relevant documentation to ensure compliance and trustworthiness.

Our Competitive Advantage

DuckDice.io distinguishes itself in the competitive landscape through several key advantages:

Innovative Gameplay: We offer unique and engaging gameplay features that set us apart from traditional online dice gaming platforms, enhancing user experience and retention.

Provably Fair System: Our implementation of provably fair algorithms ensures transparency and trust, providing users with verifiable evidence of fairness in each game.

Responsive Customer Support: We prioritize customer satisfaction by offering timely and effective support services, fostering long-term relationships with our users.

Secure Platform: Our commitment to robust security measures ensures the safety of user funds and personal information, instilling confidence and peace of mind among our clientele.

Financial Considerations

Financing a cryptocurrency casino Duckdice.io involves a combination of initial investment from founders and revenue generated from player bets, house edge and other sources.

The costs of operating a cryptocurrency casino include software development, marketing, regulatory compliance, and development.

The founder and UBO of the Duckdice.io provides the initial capital to kickstart the project. This includes but not limited to personal savings, crypto trading, dividends, and inheritance.

The operating costs include expenses such as software development, server hosting, marketing, regulatory compliance, legal and customer support, and development.

The Duckdice.io is a realised, stable, and successful project that constantly generates revenue primarily through player bets and house edge. Players deposit cryptocurrency into their accounts and use it to place bets on various games such as slots, dice etc.

Timetable

Assuming the acquisition of a valid license, we anticipate being ready to launch our services within six months. The key steps involved in this process include:

Platform Development: Designing and developing the DuckDice.io platform, incorporating innovative features and ensuring seamless functionality across devices.

Regulatory Compliance: Obtaining necessary licenses and ensuring compliance with regulatory requirements in target jurisdictions.

Testing and Quality Assurance: Conducting rigorous testing and quality assurance procedures to identify and rectify any potential issues before launch.

Marketing and Promotion: Implementing a comprehensive marketing strategy to raise awareness and attract users to the platform.

Staff Recruitment: Hiring skilled professionals to manage operations, customer support, and marketing initiatives effectively.

Conclusions

In summary, Duckdice.io presents an unrivaled opportunity in the rapidly evolving landscape of online gambling. Through leveraging blockchain technology and cryptocurrencies, we aim to provide a secure, transparent, fair, and innovative platform that offers a diverse range of games to players worldwide. What is more due to the huge expertise, dedicated team, strategic partnerships, and a commitment to excellence we already deliver (and will make it even better) a best-in-class gaming experience to players worldwide.
