Annex C3 – Dividend Warrants issued by Plutonomy Limited (May 2023)

Plutonomy Limited

9 Barrack Road,
Belize City, Belize
Company Reg No 174538

Minutes of meeting of Plutonomy Limited held on 9th May 2023

Present:

Killian McKeon-Eccles, Director

It was resolved that the Company declares an interim dividend of \$340.00 per share representing a total interim dividend of \$17,000,000 in respect of the financial year ending 31 December 2023. In the opinion of the directors, this interim dividend represents the distributable profits recognised by the company to date.

There being no further business, the meeting was closed.

.....
Killian McKeon-Eccles
Director

Coineqt Group Ltd

Director's Responsibilities

For the year ended 31 December 2020

The director is required by the Companies Act, Cap. 386 of the Laws of Malta to prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the Company and of the profit or loss of the Company for that year. In preparing these financial statements, the director is required to:

- adopt the going concern basis unless it is inappropriate to presume that the Company will continue in the business;
- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- account for income and charges relating to the accounting year on the accruals basis;
- value separately the components of asset and liability items; and
- report comparative figures corresponding to those of the preceding accounting period.

The director is also responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act (Cap. 386) enacted in Malta. This responsibility includes designing, implementing and maintaining such internal control as the director determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The director is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Coinq Group Ltd

Notes to the Financial Statements

For the Period Ended 31 December 2020

1. General Notes

a. Basis of preparation

i. Statement of compliance

The financial statements have been prepared and presented in accordance with the requirements of the International Financial Reporting Standards as adopted by the EU and Companies Act, 1995, enacted in Malta.

ii. Basis of measurement

The financial statements have been prepared on the historical cost basis.

iii. Functional and presentation currency

The financial statements are presented in euro (€), which is the Company's functional currency.

Transactions denominated in foreign currencies are converted to the functional currency at the rates of exchange ruling on the dates on which the transactions first qualify for recognition. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortised cost in foreign currency translated at the exchange rate at the end of the period. Foreign currency differences arising on retranslation are recognised in profit or loss.

iv. Use of estimates and assumptions

The preparation of financial statements in conformity with International Financial Reporting Standards as adopted by the EU requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

2. Significant Accounting Policies

a. Property, plant and equipment

i. Value Method

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the assets to a working condition for their intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

ii. Recognition and measurement

The cost of an item of property, plant and equipment is recognised as an asset when it is probable that the future economic benefits that are associated with the asset will flow to the entity and the cost can be measured reliably. Property, plant and equipment are initially measured at cost comprising the purchase price, any costs directly attributable to bringing the assets to a working condition for their intended use, and the costs of dismantling and removing the item and restoring the site to which it is located. Subsequent expenditure is capitalised as part of the cost of property, plant and equipment only if it enhances the economic benefits of an asset in excess of the previously assessed standard of performance, or it replaces or restores a component that has been separately depreciated over its useful life.

After initial recognition, property, plant and equipment may be carried under the cost model, that is at cost less any accumulated depreciation and any accumulated impairment losses, or under the revaluation model, that is

Coineqt Group Ltd

Notes to the Financial Statements (continued)

For the Period Ended 31 December 2020

2. Significant Accounting Policies (continued)

a. Property, plant and equipment (continued)

ii. Recognition and measurement (continued)

at their fair value at the date of the revaluation less any accumulated depreciation and any accumulated impairment losses.

After initial recognition land and buildings are carried under the revaluation model. Other property, plant and equipment are carried under the cost model.

b. Intangible assets

i. Internally generated intangible assets

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset, arising from the Company's development of branded computer software, is recognised only if all of the following can be demonstrated by the Company:

- the technical feasibility, the availability of resources and the intention and ability of completing the asset so that it will be available for use or sale,
- how the asset will generate probable future economic benefits, and
- the ability to measure reliably the expenditure attributable to the asset during its development.

Internally generated intangible assets are initially measured at cost, being the sum of the expenditure incurred from the date when the recognition criteria are met.

After initial recognition, internally-generated intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. When the intangible asset will become available for use, it will be amortised on a straight-line basis over its estimated useful life which is assumed to be 6 years.

c. Trade and other receivables

i. Trade and other receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due to the original terms of the receivables.

d. Cash and cash equivalents

i. Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term investments that are held to meet short-term cash commitments rather than for investment or other purposes. Bank overdrafts, which are repayable on demand and form an integral part of the Company's cash and management, are a component of cash and cash equivalents.

e. Equity instruments

i. Ordinary Shares

Ordinary shares are classified as equity. Incremental costs directly attributable to issue of ordinary shares are recognised as a deduction from equity.

Coinq Group Ltd

Notes to the Financial Statements (continued)

For the Period Ended 31 December 2020

2. Significant Accounting Policies (continued)

f. Trade payables

i. Trade payables

Trade and other payables are stated at cost, which approximates fair value due to the short term nature of these liabilities.

g. Revenue recognition

i. Rendering of services

Revenue from the provision of maintenance support services is recognised in proportion to the stage of completion of the transaction at the balance sheet date.

h. Impairment

i. Financial Assets

A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount, and the present value of the estimated future cash flows discounted at the original effective interest rate. An impairment loss in respect of an available-for-sale financial asset is calculated by reference to its current fair value.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk circumstances.

All impairment losses are recognised in profit or loss. Any cumulative loss in respect of an available-for-sale financial asset recognised previously in equity is transferred to profit or loss.

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognised. For financial assets measured at cost and available-for-sale financial assets that are debt securities, the reversal is recognised in profit or loss. For available-for-sale financial assets that are equity securities, the reversal is recognised directly in equity.

ii. Non-financial Assets

The carrying amount of the Company's non-financial assets, other than investment property, are reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable group that generates cash flows that largely are independent from other assets and groups. Impairment losses are recognised in profit or loss.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less cost to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Coineqt Group Ltd

Notes to the Financial Statements (continued)

For the Period Ended 31 December 2020

2. Significant Accounting Policies (continued)

i. Taxation

i. Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the balance sheet liability method, providing for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantially enacted by the reporting date.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

ii. Income taxes

Income tax expense comprises current and deferred tax. Income tax expense is recognised in profit or loss except to the extent that the tax arises from a transaction or event which is recognised directly in equity, in which case it is recognised in equity.

Current tax is based on the taxable profit for the year, as determined in accordance with tax laws, and measured using tax rates, which have been enacted or substantively enacted by the balance sheet date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profits. Deferred tax is not recognised for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to the investment in subsidiary to the extent that the Company is able to control the timing of the reversal of temporary differences and it is probable that those temporary differences will not reverse in the foreseeable future. Deferred tax assets for the carryforward of unused tax losses are recognised to the extent that it is probable that future taxable profit will be available against which the unused tax losses can be utilised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

j. Borrowing costs

i. Borrowing costs

Borrowing costs, including those costs that are directly attributable to the acquisition, construction or production of qualifying assets, are recognised as an expense in profit or loss in the period in which they are incurred.

k. Financial Risk Management

i. Financial Risk Management

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk and price risk), credit risk, liquidity risk and cash flow interest rate risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Coinq Group Ltd

Notes to the Financial Statements (continued)

For the Period Ended 31 December 2020

2. Significant Accounting Policies (continued)

k. Financial Risk Management (continued)

ii. Market Risk

The Company is exposed to foreign exchange risk arising from various currency exposure, primarily with respect to the UK pound. Foreign exchange risk arises from future commercial transactions, recognised assets and liabilities and net investments in foreign operations.

iii. Credit Risk

The Company has no significant concentrations of credit risk. It has policies in place to ensure that wholesale sales of products are made to customers with an appropriate credit history.

iv. Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions

l. Financial assets, financial liabilities and equity

i. Trade and other receivables

Trade and other receivables are carried at cost less any impairment losses.

ii. Trade and other payables

Trade and other payables are stated at their nominal value.

Independent Auditor's Report

To the Shareholders of Coineqt Group Ltd

Report on the Audit of the Financial Statements

Opinion

I have audited the accompanying financial statements of Coineqt Group Ltd set out on pages 12 - 24 which comprise the statement of financial position as at 31 December 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2020, and of its financial performance for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union and have been properly prepared in accordance with the requirements of the Companies Act (Cap. 386).

Basis for Opinion

I conducted our audit in accordance with International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to my audit of the financial statements in accordance with the Accountancy Profession (Code of Ethics for Warrant Holders) Directive issued in terms of the Accountancy Profession Act (Cap. 281) in Malta, and I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

The director is responsible for the other information. The other information comprises the director's report. My opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

With respect to the director's report, I also considered whether the director's report includes the disclosures required by Art. 177 of the Companies Act (Cap. 386).

Based on the work I have performed, in my opinion:

- the information given in the director's report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the director's report has been prepared in accordance with the Companies Act (Cap.386).

In addition, in light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, I am required to report if I have identified material misstatements in the director's report and other information. I have nothing to report in this regard.

Independent Auditor's Report (continued)

Responsibilities of the Director

The director is responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRS as adopted for the EU, and for such internal control as the director determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the director.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during my audit.

Independent Auditor's Report (continued)

Report on Other Legal and Regulatory Requirements

Under the Maltese Companies Act (Cap. 386) I am required to report to you if, in my opinion:

- I have not received all the information and explanations I require for my audit.
- Adequate accounting records have not been kept, or that returns adequate for my audit have not been received from branches not visited by me.
- The financial statements are not in agreement with the accounting records and returns.

I have nothing to report to you in respect of these responsibilities.

Coineqt Group Ltd

Director's Report

The director present the annual report and the audited financial statements of Coineqt Group Ltd (the Company) for the year ended 31 December 2021

Principal activity

The company's main activity is to carry out the commercial activities of a payment converter, where users put in money and in return obtain virtual items and related activities.

Performance review

During the year under review, the Company made a profit before tax of €4,707,203 (2020: profit before tax of €430,086.)

The director expect to sustain the current level of operating activity in the foreseeable future.

The results for the year are set out in the statement of comprehensive income on page 4. The director recommend the payment of a net dividend amounting to €110,000 (2020: €100,000)

Events after the end of the reporting period

There are no events after the end of the reporting period which require mention in this report.

Director

During the year ended 31 December 2021, the director was as listed on page 1.

In accordance with the Company's Memorandum and Articles of Association, the present director remain in office.

Statement of director's responsibilities

The Companies Act (Cap. 386), enacted in Malta, requires the director to prepare financial statements for each financial year which give a true and fair view of the financial position of the Company as at the end of the financial year and of the profit or loss for that year. In preparing these financial statements, the director is required to:

- adopt the going concern basis unless it is inappropriate to presume that the Company will continue in the business;
- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- account for income and charges relating to the accounting period on the accruals basis;
- value separately the components of asset and liability items; and
- report comparative figures corresponding to those of the preceding accounting period.
- prepare the financial statements in accordance with generally accepted accounting principles as defined in the Companies Act (Cap. 386) and in accordance with the provision of the same Act.

The director is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act (Cap. 386) enacted in Malta. This responsibility includes designing, implementing and maintaining such internal control as the director determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The director is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Coinq Group Ltd

Director's Report - continued

Auditors

NCMB Auditing have expressed their willingness to continue in office and a resolution for their reappointment will be proposed at the Annual General Meeting.

This report was approved by the Board of director and duly signed on its behalf by:

Coineqt Group Ltd

Notes to the Financial Statements For the year ended 31 December 2021

1 General Information

Coineqt Group Ltd ("the Company") is a limited liability company incorporated in Malta with registration number of C 86650 and registered address at 30/1, Kenilworth Court, Sir Augustus Bartolo Street, Ta' Xbiex, Malta.

The company's main activity is to carry out the commercial activities of a payment converter, where users put in money and in return obtain virtual items and related activities.

2 Significant accounting policies

Basis of measurement and statement of compliance

The financial statements of Coineqt Group Ltd ("the Company") have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union (EU) and the requirements of the Companies Act (Cap. 386) enacted in Malta. The financial statements have been prepared under the historical cost basis. The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

Functional and presentation currency

The financial statements are presented in Euro (€) which is the Company's functional and presentation currency.

Foreign currencies

Transactions underlying items in these financial statements are measured in the Company's functional currency, which is the currency of the primary economic environment in which the Company operates.

Transactions in foreign currencies have been converted into Euro at the rates of exchange ruling on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies have been translated into Euro at the rates of exchange ruling at the end of reporting period. All resulting differences are taken to profit or loss.

Revenue from contracts with customers

Revenue from contracts with customers is recognised at an amount that reflects the consideration to which the Company is expected to be entitled when a performance obligation is satisfied in a manner that depicts the transfer of control over the goods or services promised to the customer. A performance obligation may be satisfied either at a point in time or over time.

The consideration relates to the transaction price allocated to each performance obligation as defined in the contract with the customer. The transaction price reflects discounts, rebates, refunds granted to customers and excludes sales taxes, if any.

Rendering of services

Revenue from a contract to provide services is recognised at a point in time on completion of the service.

2 Significant accounting policies (continued)

Taxation

The tax charge/(credit) in profit or loss normally comprises current and deferred tax.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the end of the reporting period

Deferred tax is provided using the liability method for all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, based on tax rates that have been enacted or substantively enacted at the end of the reporting period.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the assets can be utilised and/or sufficient taxable temporary differences are available. Deferred tax assets are reduced to the extent that is no longer probable that the related tax benefit will be realised

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

Financial assets

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. Financial liabilities are derecognised when they are extinguished, discharged, cancelled or expired.

Financial assets are classified at initial recognition in accordance with how they are subsequently measured, as follows:

- financial assets at amortised cost;
- financial assets at fair value through other comprehensive income; and
- financial assets at fair value through profit or loss

The Company's financial assets are mainly financial assets at amortised cost.

Financial assets at amortised cost

Financial assets at amortised costs are financial assets that are held within the business model whose objective is to collect contractual cash flows ("hold to collect") and the contractual terms give rise to cash flows that are solely payments of principal and interest.

On initial recognition, financial assets at amortised cost are recognised at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Discounting is omitted where the effect of discounting is immaterial. Trade receivables without a significant financing component are measured at the transaction price as a practical expedient.

2 Significant accounting policies (continued)

Financial instruments - continued

Financial assets at amortised cost are subsequently carried at amortised cost using the effective interest method less impairment losses, if any. Gains or losses are recognised in profit or loss when the asset is derecognised, modified, or impaired.

The Company's financial assets under this classification include cash and cash equivalents, and trade and other receivables.

Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECLs) on financial assets that are measured at amortised cost. Equity instruments are not subject to impairment assessment.

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (lifetime ECL).

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows and usually occurs when past due for more than one year and not subject to enforcement activity.

For trade receivables, a simplified approach to measure the ECL using a lifetime expected loss allowance is available as a practical expedient.

Financial liabilities

Financial liabilities are classified at initial recognition in accordance with how they are subsequently measured, as follows:

- financial liabilities at amortised cost; and
- financial liabilities at fair value through profit or loss.

The Company's financial liabilities are mainly financial liabilities at amortised cost.

Financial liabilities at amortised cost

Financial liabilities at amortised cost are initially recognised at fair value, net of transaction cost and are subsequently measured at amortised cost using the effective interest method. All interest-related charges under the interest amortisation process are recognised in profit or loss

2 Significant accounting policies (continued)

Financial instruments - continued

Financial liabilities - continued

On derecognition, the difference between the carrying amount of the financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, are recognised in profit or loss.

Financial liabilities under this category include trade and other payables.

Offsetting of financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount reported in the statements of financial position when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

Cash and cash equivalents

Cash and cash equivalents are defined as cash in hand, demand deposits and short-term, highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash at bank.

Dividends

Dividends are recognised as liabilities when they are declared (that is, the dividends are appropriately authorised and no longer at the discretion of the entity). Typically, dividends are recognised as liabilities in the period in which their distribution is approved at the Shareholders' Annual General Meeting. Interim dividends are recognised when declared.

Equity

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity.

Employee benefits

The Company contributes towards the state pension in accordance with local legislation. The only obligation of the Company is to make the required contributions. Costs are expensed in the year in which they are incurred.

Coineqt Group Ltd

Notes to the Financial Statements
For the year ended 31 December 2021

3 Significant judgements and critical estimation uncertainties

The preparation of financial statements in conformity with IFRS as adopted by the EU requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The director have considered the development, selection and disclosure of the Company's critical accounting policies and estimates and the application of these policies and estimates. Estimates and judgements are continually evaluated and are based on historical and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In the opinion of the Company's director, the accounting estimates and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their disclosure in terms of the requirements of IAS 1 Presentation of Financial Statements.

17 Related party disclosures

Parties are considered to be related when one party has the ability to control the other party or exercise significant influence over the other party in making its financial and operational decisions.

Related party balances are disclosed in notes 11 and 15 to the financial statements.

18 Financial risk management objectives

The company's activities potentially expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the company's financial performance.

The Board provides principles for overall risk management, as well as policies covering risks referred to above and specific areas such as investment of excess liquidity. The company did not make use of derivative financial instruments to hedge certain risk exposures during the current and preceding financial years.

18 Financial risk management objectives (continued)

Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

The Company's sales, receivables and payables are denominated in the same currency as the functional currency and therefore the Company is not exposed to currency risk.

As at the statement of financial position date, the Company did not have any variable rate interest bearing liabilities and it does not hold any financial instruments which may expose it to interest rate risk.

Credit risk

Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers, including outstanding receivables and committed transactions.

The maximum exposure to credit risk at the end of the reporting period in respect of the financial assets mentioned above is equivalent to their carrying amount. The company does not hold any collateral as security in this respect.

The company banks only with financial institutions with high quality standing or rating.

The company manages credit limits and exposures actively in a practicable manner such that there are no material past due amounts receivable from customers as at the end of the reporting period.

Liquidity risk

The Company is exposed to liquidity risk in relation to meeting future obligations associated with its financial liabilities, which comprise principally interest-bearing borrowings and trade and other payables. Prudent liquidity risk management includes maintaining sufficient cash to ensure the availability of an adequate amount of funding to meet the Company's obligations.

Fair value of financial instruments

At 31 December 2021 and 31 December 2020 the carrying amounts of cash at bank, receivables, payables, and accrued expenses approximated their fair values in view of the nature of the instruments or their short-term maturity.

19 Comparatives

The financial statements for the year ended 31 December 2020 have not been audited by us. The comparative figures have been adjusted to reflect the current layout of the financial statements.

Independent Auditors' Report

To the shareholders of Coineqt Group Ltd

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Coineqt Group Ltd as set out on pages 4 to 16, which comprise the statement of financial position as at 31 December 2021, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the company as at 31 December 2021 and of its financial performance and their cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU (EU IFRSs) and have been prepared in accordance with the requirements of the Companies Act (Cap. 386).

Basis for opinion

We conducted our audit with International Standards on Auditing (ISAs). Our responsibility under these standards are further described in the Auditors' responsibilities for the audit of the financial statements section of the report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with ethical requirements that are relevant to our audit of the financial statements in accordance with the Accountancy Profession (Code of Ethics for Warrant Holders) Directive issued in Terms of the Accountancy Profession Act (Cap 281) in Malta. We have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The director is responsible for the other information. The other information comprises the General Information. Our opinion on the financial statements does not cover this information, and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the director

The director is responsible for the preparation of the financial statements which give a true and fair view in accordance with IFRS as adopted by the EU, and for such internal controls as the director determine is necessary to enable the preparation of the financial statements that are free from material misstatements, whether due to error or fraud.

In preparing these financial statements, the director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intend to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Independent Auditors' Report

To the shareholders of Coineqt Group Ltd

Report on the Audit of the Financial Statements

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the director.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the company to cease to continue as a going concern in particular it is difficult to evaluate all of the potential implications that COVID- 19 will have on the Company's trade, customers, suppliers and the disruption to its business and the overall economy.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other matters

The financial statements for the year ended 31 December 2020 were audited by another auditor who expressed an unmodified opinion on those statements on 30 July 2021.

Independent Auditors' Report

To the shareholders of Coinq Group Ltd

Report on Other Legal and Regulatory Requirements

We have responsibilities to report to you if, in our opinion:

- Adequate accounting records have not been kept, or that returns adequate for our audit have not been received from branches not visited by us.
- The financial statements are not in agreement with the accounting records and returns.
- We have not received all the information and explanations we require for our audit.
- Certain disclosures of director's remuneration specified by law are not made in the financial statements, giving the required particulars in our report.

We have nothing to report to you in respect of these responsibilities.

Coineqt Group Ltd

Director's Report

The director present the annual report and the audited financial statements of Coineqt Group Ltd (the Company) for the year ended 31 December 2022

Principal activity

The company's main activity is to carry out the commercial activities of a payment converter, where users put in money and in return obtain virtual items and related activities.

Performance review

During the year under review, the Company made a profit before tax of €9,993,582 (2021: profit before tax of €4,707,203.)

The director expect to sustain the current level of operating activity in the foreseeable future.

The results for the year are set out in the statement of comprehensive income on page 4.

Events after the end of the reporting period

There are no events after the end of the reporting period which require mention in this report.

Director

During the year ended 31 December 2022, the director were as listed on page 1.

In accordance with the Company's Memorandum and Articles of Association, the present director remain in office.

Statement of director's responsibilities

The Companies Act (Cap. 386), enacted in Malta, requires the director to prepare financial statements for each financial year which give a true and fair view of the financial position of the Company as at the end of the financial year and of the profit or loss for that year. In preparing these financial statements, the director is required to:

- adopt the going concern basis unless it is inappropriate to presume that the Company will continue in the business;
- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- account for income and charges relating to the accounting period on the accruals basis;
- value separately the components of asset and liability items; and
- report comparative figures corresponding to those of the preceding accounting period.
- prepare the financial statements in accordance with generally accepted accounting principles as defined

The director is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act (Cap. 386) enacted in Malta. This responsibility includes designing, implementing and maintaining such internal control as the director determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The director is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Coineqt Group Ltd

Director's Report - continued

Auditors

NCMB Auditing have expressed their willingness to continue in office and a resolution for their reappointment will be proposed at the Annual General Meeting.

This report was approved by the Board of director and duly signed on its behalf by:

Killian Mckeon Eccles
Director

Coineqt Group Ltd

Notes to the Financial Statements For the year ended 31 December 2022

1 General Information

Coineqt Group Ltd ("the Company") is a limited liability company incorporated in Malta with registration number of C 86650 and registered address at 30/1, Kenilworth Court, Sir Augustus Bartolo Street, Ta' Xbiex XBX 1093, Malta.

The company's main activity is to carry out the commercial activities of a payment converter, where users put in money and in return obtain virtual items and related activities.

2 Significant accounting policies

Basis of measurement and statement of compliance

The financial statements of Coineqt Group Ltd ("the Company") have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union (EU) and the requirements of the Companies Act (Cap. 386) enacted in Malta. The financial statements have been prepared under the historical cost basis. The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

Functional and presentation currency

The financial statements are presented in Euro (€) which is the Company's functional and presentation currency.

Foreign currencies

Transactions underlying items in these financial statements are measured in the Company's functional currency, which is the currency of the primary economic environment in which the Company operates.

Transactions in foreign currencies have been converted into Euro at the rates of exchange ruling on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies have been translated into Euro at the rates of exchange ruling at the end of reporting period. All resulting differences are taken to profit or loss.

Revenue from contracts with customers

Revenue from contracts with customers is recognised at an amount that reflects the consideration to which the Company is expected to be entitled when a performance obligation is satisfied in a manner that depicts the transfer of control over the goods or services promised to the customer. A performance obligation may be satisfied either at a point in time or over time.

The consideration relates to the transaction price allocated to each performance obligation as defined in the contract with the customer. The transaction price reflects discounts, rebates, refunds granted to customers and excludes sales taxes, if any.

Rendering of services

Revenue from a contract to provide services is recognised at a point in time on completion of the service.

2 Significant accounting policies (continued)

Taxation

The tax charge/(credit) in profit or loss normally comprises current and deferred tax.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the end of the reporting period

Deferred tax is provided using the liability method for all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, based on tax rates that have been enacted or substantively enacted at the end of the reporting period.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the assets can be utilised and/or sufficient taxable temporary differences are available. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

Financial assets

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. Financial liabilities are derecognised when they are extinguished, discharged, cancelled or expired.

Financial assets are classified at initial recognition in accordance with how they are subsequently measured, as follows:

- financial assets at amortised cost;
- financial assets at fair value through other comprehensive income; and
- financial assets at fair value through profit or loss

The Company's financial assets are mainly financial assets at amortised cost.

Financial assets at amortised cost

Financial assets at amortised costs are financial assets that are held within the business model whose objective is to collect contractual cash flows ("hold to collect") and the contractual terms give rise to cash flows that are solely payments of principal and interest.

On initial recognition, financial assets at amortised cost are recognised at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Discounting is omitted where the effect of discounting is immaterial. Trade receivables without a significant financing component are measured at the transaction price as a practical expedient.

2 Significant accounting policies (continued)

Financial instruments - continued

Financial assets at amortised cost are subsequently carried at amortised cost using the effective interest method less impairment losses, if any. Gains or losses are recognised in profit or loss when the asset is derecognised, modified, or impaired.

The Company's financial assets under this classification include cash and cash equivalents, and trade and other receivables.

Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECLs) on financial assets that are measured at amortised cost. Equity instruments are not subject to impairment assessment.

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (lifetime ECL).

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows and usually occurs when past due for more than one year and not subject to enforcement activity.

For trade receivables, a simplified approach to measure the ECL using a lifetime expected loss allowance is available as a practical expedient.

Financial liabilities

Financial liabilities are classified at initial recognition in accordance with how they are subsequently measured, as follows:

- financial liabilities at amortised cost; and
- financial liabilities at fair value through profit or loss.

The Company's financial liabilities are mainly financial liabilities at amortised cost.

Financial liabilities at amortised cost

Financial liabilities at amortised cost are initially recognised at fair value, net of transaction cost and are subsequently measured at amortised cost using the effective interest method. All interest-related charges under the interest amortisation process are recognised in profit or loss

2 Significant accounting policies (continued)

Financial instruments - continued

Financial liabilities - continued

On derecognition, the difference between the carrying amount of the financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, are recognised in profit or loss.

Financial liabilities under this category include trade and other payables.

Offsetting of financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount reported in the statements of financial position when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

Cash and cash equivalents

Cash and cash equivalents are defined as cash in hand, demand deposits and short-term, highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash at bank.

Dividends

Dividends are recognised as liabilities when they are declared (that is, the dividends are appropriately authorised and no longer at the discretion of the entity). Typically, dividends are recognised as liabilities in the period in which their distribution is approved at the Shareholders' Annual General Meeting. Interim dividends are recognised when declared.

Equity

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity.

Employee benefits

The Company contributes towards the state pension in accordance with local legislation. The only obligation of the Company is to make the required contributions. Costs are expensed in the year in which they are incurred.

3 Significant judgements and critical estimation uncertainties

The preparation of financial statements in conformity with IFRS as adopted by the EU requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The director have considered the development, selection and disclosure of the Company's critical accounting policies and estimates and the application of these policies and estimates. Estimates and judgements are continually evaluated and are based on historical and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

In the opinion of the Company's director, the accounting estimates and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their disclosure in terms of the requirements of IAS 1 Presentation of Financial Statements.

18 Related party disclosures

Parties are considered to be related when one party has the ability to control the other party or exercise significant influence over the other party in making its financial and operational decisions.

Related party balances are disclosed in notes 9 and 11 to the financial statements.

19 Financial risk management objectives

The company's activities potentially expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the company's financial performance.

The Board provides principles for overall risk management, as well as policies covering risks referred to above and specific areas such as investment of excess liquidity. The company did not make use of derivative financial instruments to hedge certain risk exposures during the current and preceding financial years.

Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

The Company's sales, receivables and payables are denominated in the same currency as the functional currency and therefore the Company is not exposed to currency risk.

As at the statement of financial position date, the Company did not have any variable rate interest bearing liabilities and it does not hold any financial instruments which may expose it to interest rate risk.

Credit risk

Credit risk arises from cash and cash equivalents, deposits with banks, as well as credit exposures to customers, including outstanding receivables and committed transactions.

The maximum exposure to credit risk at the end of the reporting period in respect of the financial assets mentioned above is equivalent to their carrying amount. The company does not hold any collateral as security in this respect.

The company banks only with financial institutions with high quality standing or rating.

The company manages credit limits and exposures actively in a practicable manner such that there are no material past due amounts receivable from customers as at the end of the reporting period.

19 Financial risk management objectives (continued)

Liquidity risk

The Company is exposed to liquidity risk in relation to meeting future obligations associated with its financial liabilities, which comprise principally interest-bearing borrowings and trade and other payables. Prudent liquidity risk management includes maintaining sufficient cash to ensure the availability of an adequate amount of funding to meet the Company's obligations.

Fair value of financial instruments

At 31 December 2022 and 31 December 2021 the carrying amounts of cash at bank, receivables, payables, and accrued expenses approximated their fair values in view of the nature of the instruments or their short-term maturity.

Independent Auditors' Report

To the shareholders of Coineqt Group Ltd

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Coineqt Group Ltd as set out on pages 4 to 17, which comprise the statement of financial position as at 31 December 2022, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the company as at 31 December 2022 and of its financial performance and their cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU (EU IFRSs) and have been prepared in accordance with the requirements of the Companies Act (Cap. 386).

Basis for opinion

We conducted our audit with International Standards on Auditing (ISAs). Our responsibility under these standards are further described in the Auditors' responsibilities for the audit of the financial statements section of the report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with ethical requirements that are relevant to our audit of the financial statements in accordance with the Accountancy Profession (Code of Ethics for Warrant Holders) Directive issued in Terms of the Accountancy Profession Act (Cap 281) in Malta. We have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The director is responsible for the other information. The other information comprises the General Information. Our opinion on the financial statements does not cover this information, and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the director

The director is responsible for the preparation of the financial statements which give a true and fair view in accordance with IFRS as adopted by the EU, and for such internal controls as the director determine is necessary to enable the preparation of the financial statements that are free from material misstatements, whether due to error or fraud.

In preparing these financial statements, the director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intend to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Independent Auditors' Report

To the shareholders of Coineqt Group Ltd

Report on the Audit of the Financial Statements

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the director.
- Conclude on the appropriateness of the director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the company to cease to continue as a going concern in particular it is difficult to evaluate all of the potential implications that COVID- 19 will have on the Company's trade, customers, suppliers and the disruption to its business and the overall economy.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditors' Report

To the shareholders of Coineqt Group Ltd

Report on the Audit of the Financial Statements

Report on Other Legal and Regulatory Requirements

We have responsibilities to report to you if, in our opinion:

- Adequate accounting records have not been kept, or that returns adequate for our audit have not been received from branches not visited by us.
- The financial statements are not in agreement with the accounting records and returns.
- We have not received all the information and explanations we require for our audit.
- Certain disclosures of director's remuneration specified by law are not made in the financial statements, giving the required particulars in our report.

We have nothing to report to you in respect of these responsibilities.
