Sports betting and casino gaming can be a fun and enjoyable experience, and we work hard to make sure it stays that way. As such, we take the matter of responsible gambling very seriously and recommend our customers do the same to ensure a positive experience every time and prevent any possible issues arising before they have the chance to become a problem.

We actively monitor player behaviour to identify early signs of problem gambling. When risk indicators are detected, we follow structured procedures for assessment, intervention, and support, including the use of responsible gaming tools.

If you have any concerns or need assistance, we urge you to reach out to us directly by emailing help@10bet.com or using the live chat feature available on our site.

If you are unsure about your gambling habits, consider the following questions:

- Have you ever missed work, school, college or other responsibilities in order to gamble?
- Do you gamble as a way out from boredom or unhappiness?
- If you lost money gambling, how would you feel? Would it make you want to gamble more?
- Have you ever gambled money set aside for bills, rent, food, etc.?

- Do you feel any guilt over the amount of time you spend gambling?
- Has anyone ever mentioned the time you spend gambling?
- Would you consider stealing, lying or selling to obtain gambling money?
- Do you feel out of control regarding much you spend on gambling? Would you be upset if you had to spend it on other things or activities?
- Do you choose to gamble instead of spending time with friends or family?
- If you lose, do you feel an immediate need to win back your losses?
- Does stress make you want to gamble more?
- Is gambling making you unhappy?

If you answered yes to one or more of these questions, you may be experiencing gambling-related issues.

We recommend visiting www.gamblingtherapy.org and www.begambleaware.org for confidential support and expert advice.

You can also assess your habits using these tools:

- Gamblers Anonymous 20 Questions Quiz: <https://gamblersanonymous.org/20-questions>
- CAGE Questionnaire (Adapted for Gambling) (Contact customer support for this tool)

Regular self-assessment is an important step in maintaining control and ensuring a safe and healthy gaming experience.

Self-exclusion

If you feel that your gambling has become problematic, you have the ability to self-exclude yourself by contacting Customer Service and requesting a self-exclusion period be applied to your account, or by using the self-exclusion functionality already available to players..

The following Self-Exclusion periods are available:

- 1 year
- 3 years
- 5 years
- 10 years
- Lifetime.

Once you make a request, your account will be restricted throughout the requested period, or permanently if permanent Self-exclusion was applied, and you will not be able to log-in. Any ante-post bets will be voided and refunded, subject to AML/CFT regulations.

Before you request a Self-exclusion, you must withdraw any funds you have in your betting account. It is our policy not to suspend or exclude accounts before all available funds have been withdrawn. It is your responsibility as the customer to ensure the withdrawal has been made.

Any unsettled bets with 10bet at the time that you enter into the Self-exclusion period will be settled on the result of the event. If your bet is a winner, your winnings will be automatically credited to your account.

Once applied, self-exclusion cannot be reversed or revoked for the duration of the selected exclusion period and it will remain in effect even if a written request for reinstatement is submitted. You will also no longer receive any further marketing materials, electronic communications, social media, VIP loyalty programme information and/or other promotions from us.

Please note the following:

- Upon your selected Self-exclusion period expiring, your account will not be automatically re-activated. Should you wish to reactivate your account after your exclusion period has ended, you must request it in writing by contacting Customer support team (by email or chat).
- Self-exclusion options will only apply to our Gambling Platform. It is your responsibility to Self-Exclude from all other Gambling Platforms.
- We will endeavour to apply your request as soon as practically possible. We will not consider your request as effective until it has been fully implemented and communicated to you. If, after this, you find that you can still access any of our services, it is your responsibility to inform us immediately.

Deposit limits

A self-imposed Deposit Limit feature is available, allowing customers to set limits on the amount of money they can deposit into their betting account on a daily, weekly, or monthly basis. This functionality can also be arranged through Customer Support upon request.

The deposit limit feature will not apply to crypto deposits.

Once a deposit limit is reached, you will not be able to deposit any additional funds until the specified period resets.
