To Whom It May Concern,

I am writing to provide a professional reference for Unal Aydogan of Aydogan Group, a highly reputable businessman whom I have had the pleasure of representing as his solicitor for more than 20 years.

During this time, I have witnessed firsthand his dedication to ethical business practices and his significant contributions to the economic development of North Cyprus.

Unal Aydogan of Aydogan Group has established himself as a leader in several key industries. He holds a valid license for operating a betting enterprise, a five-star hotel, and a casino, all of which have been obtained through rigorous legal and regulatory procedures. His second five-star hotel is currently under construction, further demonstrating his commitment to expanding his investments in North Cyprus. In addition to these ventures, he has a number of other successful investments in the region, all managed with the highest level of professionalism and integrity.

While certain allegations have appeared in the press, I can categorically state, to the best of my knowledge, that these claims are unfounded. To date, there has been no written statement, formal warning, court case, litigation, or investigation initiated against Unal Aydogan of Aydogan Group in relation to these allegations. In fact, if there were any truth to these claims, it would have been impossible for him to obtain the necessary licenses for his business operations or to travel abroad freely, as he does without restriction.

I have always found Unal Aydogan of Aydogan Group to be a law-abiding and responsible individual. His long-standing record of compliance with legal and regulatory frameworks, along with his continued success in securing licenses for his businesses, speaks to his good character and professional reputation.

Please feel free to contact me if you require any further information.

Yours faithfully,
