Approved by: Director, IRYNA ZHUKOVSKA

Effective Date: May 26, 2025

1. Gambling problems are associated with poor mental health and can manifest in depression, anxiety, and suicidal thoughts. They also have an adverse effect on family relationships, work, and academic performance, and can lead to bankruptcy or crime.
Gambling should be an enjoyable pastime and not a way to make money.
Unfortunately, in some cases, abuse of gambling can lead to problems. We take care of our customers and make every effort to provide a safe and reliable service that our customers can use without any damaging consequences. This policy is aimed at protecting Vulnerable Persons, promoting responsible gambling as well as preventing and mitigating problem gambling patterns - by setting a range of tools, mechanisms and procedures outlined below.
2. A Vulnerable Person is defined as having one or more of the following traits:
 - Under eighteen years of age.
 - Has no, or insufficient, control over his or her gambling behaviour, because of which he or she is, or threatens to become, addicted to one or more Games of Chance and, as a result, may cause harm to himself or herself or to other people.
 - Has been banned from playing any Game of Chance either by force or at his or her own request.
 - Has been declared bankrupt.
3. Our company does not allow underage gambling (for persons under the age of 18).
We do not advertise our products and services to minors or vulnerable people.
We guarantee that our advertising, sponsorship, and marketing activities do not contain any information aimed at attracting underage or vulnerable persons to the Service.
4. If you share your device with underage persons, you should make sure that they do not have access to usernames, passwords, and banking details. You may further protect your account by using software available for limiting access to gambling, for example, NetNanny and Cyber Patrol.
5. We regularly carry out checks to determine the age of our customers to guarantee that all our players have reached the legal age.
In some cases, our checks cannot confirm the customer's age, and we request the added information to confirm that the player has reached the legal age.
Availability of a personal account may be limited, and funds may be frozen until we receive the necessary information, and the fact that you have reached the legal age will be confirmed unambiguously.
The legal age for betting and gambling is determined by laws of your country and is usually 18 years.
Our customers should understand that they are the guarantors of their legal registration on **yohoho.bet**.
6. Our advertising campaigns and ads do not mislead customers or misrepresent the services that we offer. Customers are informed about their chances of winning and possible risks. Services are provided for payment, excessive spending is not encouraged. To test the level of your gambling addiction, please answer "Yes" or "No" to the questions below:
