3. GAMBLING ADDICTION POLICY

We address the issue of gambling addiction by trying to ensure the protection of vulnerable players by promoting a responsible gaming environment through self-control tools, deposit limits, time limits and temporary or permanent self-exclusion. Continuous assessment and monitoring is also carried out to identify any risks and thus provide the necessary tools to address the problem with greater control.

Procedure:

1. Players must be informed about the risks of gambling addiction upon registration, with an option to accept the terms and conditions related to responsible gaming.
2. If a player shows risk patterns (for example, sudden increases in playing time or deposits), automatic alerts are activated and a support message is offered.
3. Players can access a self-exclusion system at any time from their account.
4. Links to support organizations and hotlines for help in case of addiction are offered.
