● **FINANCIAL AND MARKETING PLANS**

FINANCIAL PLANS

We, Chancers Technology B.V., as a company, seek to increase and expand our licenses to maximize our performance, based on a study and analysis of the market, prioritizing the licenses that give us high profitability. That is why we take advantage of our location in Curacao to be able to have a partnership with technology and entertainment companies to expand our client portfolio and increase revenue.

By performing market analysis and observation, we will establish solid relationships to identify and improve the conditions and opportunities of our licenses. We will focus on license expansion and operational efficiency, through short, medium and long-term objectives, ensuring a sustainable profit margin as the company expands its licensee base.

FINANCIAL PLANS

THREE-YEAR FINANCIAL FORECAST

Purpose of the Financial Forecast

This three-year financial forecast has been prepared to demonstrate the financial stability, sustainability, and operational viability of Chancers Technology B.V. in compliance with licensing authority requirements. The projections are based on conservative assumptions and are intended to reflect the company's ability to operate responsibly in regulated jurisdictions.

Key Assumptions

The financial projections are based on the following assumptions:

- Gradual and controlled expansion of intellectual property and gaming licenses in legally approved jurisdictions only.
- Strict compliance with Curaçao and applicable international regulatory frameworks.
- Moderate growth in the number of licensees to ensure proper oversight, technical support, and regulatory compliance.
- Stable operating costs with priority given to compliance, risk management, and technical infrastructure.
- No reliance on speculative income or unregulated markets.

FINANCIAL PLANS

THREE-YEAR FINANCIAL FORECAST

Projected Revenue

Revenue is primarily generated from licensing fees, intellectual property usage rights, and related services.

YEAR	PROJECTED REVENUE (USD)	DESCRIPTION
2025	3,000,000	Revenue from prospective licensees and limited onboarding of new licensees
2026	4,200,000	Controlled expansion into additional approved jurisdictions
2027	5,800,000	Stable portfolio of licensees with diversified revenue streams

FINANCIAL PLANS

THREE-YEAR FINANCIAL FORECAST

Projected Operating Expenses

Operating expenses include regulatory compliance costs, legal and audit services, technology infrastructure, personnel, and administrative expenses.

YEAR	PROJECTED EXPENSES (USD)
2025	2,200,000
2026	2,900,000
2027	3,800,000

Projected Net Result

The company maintains positive net results each year, ensuring operational continuity and financial solvency.

YEAR	PROJECTED NET RESULT (USD)
2025	800,000
2026	1,300,000
2027	2,000,000

FINANCIAL PLANS

THREE-YEAR FINANCIAL FORECAST

Financial Stability and Compliance

These projections demonstrate that Chancers Technology B.V. has sufficient financial resources to:

- Meet all regulatory, compliance, and licensing obligations.
- Maintain ongoing operational activities without financial distress.
- Invest continuously in compliance systems, responsible gaming measures, and technical security.
- Sustain operations even under conservative growth scenarios.

The company's financial planning prioritizes long-term sustainability, regulatory adherence, and risk mitigation over aggressive expansion, aligning with the expectations of licensing authorities.

MARKETING PLANS

Our goal is to establish Chancers Technology B.V as a trusted leader in licensing, and thus attract technology companies, such as game developers, to spark an interest in licensing our games, through agreements and studies to be able to manage the need that these companies have.

Our position in Curacao, being a regulated environment, favors us to manage licenses in a safe, legal and trustworthy manner for our clients.

MARKETING PLANS

Based on our objectives, we will develop our website where the services we provide and the protection are clearly explained. We will promote the use of social networks to position the brand, such as participating in technology and gaming forums, where these media give us online advertising to reach the markets of technology companies and developers who may need our licenses. Participation in technology conferences and fairs helps us generate business opportunities and establish relationships, and thus increase the awareness of the brand. With this, we can reach agreements with studios and distribution platforms to work together and maximize the reach of the brand in the corresponding jurisdiction.

CHANCERS

POLICIES AND ● PROCEDURES IN CASE OF EMERGENCY

1. **POLICY FOR THE USE OF GAMES BY MINOR**

Through this policy we protect minors so that legal and ethical regulations are respected. All games of Chancers Technology B.V are only for people of legal age. The age rating is clearly stated on the website and on all platforms where the games are promoted or published.

Procedure:

1. The registration system requests age verification before account creation.
2. In case a minor is identified, their account will be blocked and a notification email will be sent to them explaining the reason for the blockage.
3. Supporting information will be sent to parents on how to protect their children online.

CHANCERS

2. POLICY FOR THE USE OF GAMES IN NON-APPROVED JURISDICTIONS

Our games ensure that their use is only in jurisdictions where they are legally permitted and thus avoid violation of laws.

Procedure:

1. Upon registration, an automatic verification of the geographic location is performed using the IP address.
2. If a user is detected accessing from a non-permitted jurisdiction, access is blocked and they are informed about the restriction.
3. The system offers a support contact for users who may need additional assistance regarding geographic restrictions.

CHANCERS

3. GAMBLING ADDICTION POLICY

We address the issue of gambling addiction by trying to ensure the protection of vulnerable players by promoting a responsible gaming environment through self-control tools, deposit limits, time limits and temporary or permanent self-exclusion. Continuous assessment and monitoring is also carried out to identify any risks and thus provide the necessary tools to address the problem with greater control.

Procedure:

1. Players must be informed about the risks of gambling addiction upon registration, with an option to accept the terms and conditions related to responsible gaming.
2. If a player shows risk patterns (for example, sudden increases in playing time or deposits), automatic alerts are activated and a support message is offered.
3. Players can access a self-exclusion system at any time from their account.
4. Links to support organizations and hotlines for help in case of addiction are offered.

CHANCERS

 **All our platforms include age verification, geolocation blocking, self-monitoring tools and access to professional support**

CHANCERS

● TECHNICAL DETAILS

CLIENT CERTIFICATES:

1. API Request with Client Certificate

- The web server receives an API Request with a client certificate.
- Client Certificate Filter: This filter retrieves the list of valid certificates in the local casino database through the repository and stores it in memory cache for future requests, Then the client certificate is validated against the list. If the certificate is not in the list, returns an Unauthorized Status Code. If the certificate is in the list, then the request is handled by the API Controller.
- Local Casino Database: Store the valid certificates information, including "certificated" and "serialNumber".

2. Local Casino App Server

- RTG.Casino.Jobs.Certificates is a process running on the app server to keep updating the list of valid certificates from MCA.

3. MCA Web Server

- Exposes an endpoint providing the information of the valid certificates by licensee.

4. MCA License Database

- Contains information about licensees, including fields like "Licensed", "IP", "subjectSN", "validFrom", "validTo" and "isGlobal", which may be used to verify the validity of the requestor's credentials.

API TOKENS

1. API Request with API Token

- The web server receives an API request with an API Token instead of a certificate.
- API Token Filter: This filter retrieves the list of active tokens in the local casino database through the repository and stores it in memory cache for future requests, Then the API Token is validated against the list taking in consideration the list of endpoints it has access. If the API Token is not valid or the request is for a non-authorized endpoint, it returns an Unauthorized Status Code. If the API Token is valid, the request is handled by the API Controller.
- Local Casino Database: Store the APITokens information, including "Token", "Active", "IsRestricted", "ExpirationDate", "Routes".

2. Local Casino App Server

- TG.Casino.Jobs.MailNotifications is a process running on the app server sending notifications to the operators when the tokens are about to expire.

3. Manage API Tokens request from the Operator

- The operators are able to create, modify and get information of the active tokens through the administration web site.

OPERATIONAL PLAN

Maximize Profitability	License Expansion	Legal Compliance	Investments	Intellectual Property Licensing
Increase the return on investments in securities and deposit accounts	Expand the intellectual property licensing in Curacao and other jurisdictions	Ensure compliance with Curacao and other jurisdictions' intellectual property laws	• Perform market analysis to identify investment opportunities • Establish relationships with financial institutions to optimize deposit accounts.	• Identify and acquire intellectual property rights in different jurisdictions • Develop licensing agreements that maximize revenue

CHANCERS

COMPETITIVE ANALYSIS AND GOALS

The goal is to expand its investments and increase the number of clients, establishing strategic alliances with companies, and thus develop new service offerings related to intellectual property and technology, thereby establishing a solid and recognized brand.

CHANCERS

CONCLUSION

Chancers Technology B.V is strategically positioned to take advantage of opportunities in the intellectual property management and investment sector, especially thanks to its location in Curacao, which offers a favorable regulatory environment, but it is important that the company is able to address weaknesses and threads it may face in the market.

By setting clear objectives, Chancers Technology B.V can differentiate itself from its competitors and expand its influence. Service innovation and a strong brand strategy will also be key to attracting new clients and strategic partners, ensuring long-term sustainable growth and promoting innovation in a world that is constantly changing.
