

RESPONSIBLE GAMBLING

tether.bet aims to provide a safe and enjoyable service where adults can responsibly use our betting and gaming services with a fair and regulated operator. Gambling may, in certain circumstances, result in addiction. For that reason, we are committed to ensuring that our customers are aware of the potential risks involved.

Resources

To make sure you are in control of your gambling, or if you think you may be at risk of developing a gambling addiction, you may use GamCare's helpful self-assessment tool.

Should you require further help, there are several organisations that offer professional help free of charge:

- GamCare
- Gambling Therapy
- Gordon House Association
- Gamblers Anonymous

Tools

tether.bet has implemented self-exclusion and deposit limit tools which may be configured by emailing support@tether.bet. Upon expiration of the requested self-exclusion period, we will notify you by email. Requests to increase deposit limits require a 24-hour cooling-off period, and requests to decrease deposit limits are instant once confirmation has been received.

Underage Gambling/Parental Control

Underage gambling is against the law. tether.bet takes its responsibility in respect of underage gambling very seriously and therefore reserves the right to ask for proof of age from any customer, and to suspend their accounts until the necessary documents are provided. Anyone under the age of 18 or the legal age in their jurisdiction who is found to be using the site will have any winnings forfeited.
