General accounting principles

The accounting standards used to prepare the financial statements

The accompanying annual accounts have been prepared in accordance with Book 2 of the Curaçao Civil Code using the guidelines for annual reporting of the Dutch Accounting Standards Board.

The functional currency

Assets and liabilities denominated in foreign currencies are translated into administration currency at the rate of exchange prevailing at balance sheet date.

Transactions in foreign currencies are translated at the exchange rates in effect on the day of the transaction.

Items in the Statement of Income and Expenses were revalued at the average rate of exchange during the period under review.

Exchange gains or losses are reflected in the profit and loss account.

Accounting principles

Receivables

Receivables are valued at face value less a provision for possible uncollectable accounts.

Cash and cash equivalents

Cash at banks and on hand represents cash on hand, bank balances and deposits with terms of less than twelve months. Overdrafts at banks are recognized as part of debts to lending institutions under current liabilities. Cash at banks and in hand is valued at nominal value.

Accounting principles for determining the result

Assets and liabilities are stated at face value unless indicated otherwise.

Other operating income

Other income and expenses, including taxation, are recognized and reported in accordance with the accrual concept.
