Dear Curacao Gaming Authority,

We are writing to formally inform you of our decision to request the cancellation of the gaming license granted to 123GlobalMedia, operating under the domain 123loterias.com, and to proceed with the full closure of the company.

After a thorough internal assessment, we have concluded that the current regulatory and financial requirements make it unfeasible to continue with the project. While we fully understand and respect CGA's efforts to raise industry standards and ensure compliance, the operational and economic burden of maintaining the required structure —without yet having commenced operations— presents an unsustainable challenge for a start-up operator.

Given these circumstances, we are left with no choice but to take this difficult step, despite our genuine interest and intention to operate within a regulated and responsible framework.

We sincerely appreciate the support and assistance provided by your team thus far and remain at your disposal to ensure a smooth and compliant process for both the license cancellation and the formal closure of the company.

Additionally, due to all the reasons outlined above, we would like to inform you that we are now actively seeking to sell the company and/or the license. Our goal is to find a viable solution that allows the project to continue under new ownership with greater operational capacity in the current regulatory context.

Kind regards,

Gonzalo Rodriguez
