Dear CGA,

I am writing to provide clarification regarding 123Global Media and my capital contributions, which originate from my company in Uruguay, Pulger Company S.A.

Pulger Company S.A. is a company with more than eight years of experience, specialized in marketing strategy and software development, working with clients in different countries like: Mexico, the United States, and Gibraltar.

The shareholding structure of Pulger Company S.A. is as follows:

- Gonzalo Rodríguez: 40%
- Fabrizzio Baserga: 60%

I am attaching the document issued by the Central Bank of Uruguay that confirms our shareholding structure. This document is only issued when there is a change in ownership. As there is no special certificate that confirms the company's current status, I have requested that public notaries certify that the company's ownership and status remain unchanged.

To further demonstrate that the company is active and operating, I have also included the tax compliance certificate issued by the Dirección General Impositiva (DGI), the Uruguayan tax authority.

In addition, I am enclosing the financial statements of Pulger Company S.A. for the fiscal year 2024, as well as my income certificates, prepared and signed by a licensed public accountant, which verify my income before any public authority.

All of the aforementioned documents will be notarized and officially translated, a process which is currently in progress.

I have also already requested my certificate of good conduct, which takes approximately 24 hours to be issued after the appointment. Once received, I will proceed with its official translation and notarization as well.

Thank you in advance for your time and consideration. I remain at your disposal for any additional information or clarification you may require.

Sincerely,
Gonzalo Rodríguez
