Our offer

We offer numerous services which can be divided in three categories

✓ RGS Integration

We provide the best in the industry games via Platform to Platform integration method

✓ White label

We provide white label solution for starting casino operators allowing them to significantly cut their gambling licensing expenses

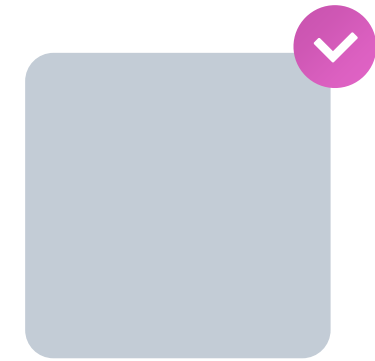

✓ 24/7 Support

We provide 24/7 excellent customer care. Our dedicated support teams are always on standby to ensure the reliability of our products

Unique selling point

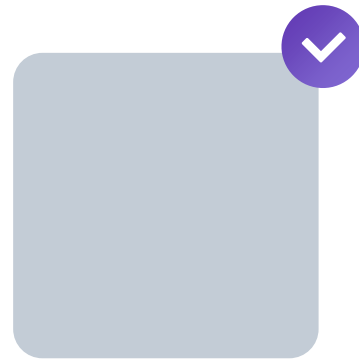

The three key factors that shape our competitive advantage are: flexibility, reliability and innovation. We cater to each client in a bespoke fashion. While most suppliers strive to serve as many customers as possible, compromising the quality of the offerings. We deliver unique partner-centric solutions to make sure our clients stand out.

Personnel

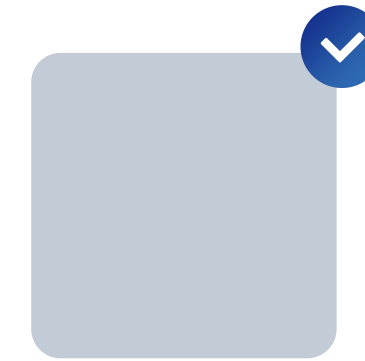

Martijn Peters
CEO

Technical infrastructure

Ultrasoft uses only the latest state-of-the-art software and hardware to consistently deliver the best user experience. As customer-oriented company we prioritize speed and reliability. Our seamless integration is among the fastest on market, and our dedicated game servers are bundled together to achieve amazing 0% downtime.

■ Ultrasoft Remote Gaming Server

Located in Curacao

Exceptionally secure, fast, and reliable gaming server

■ Ultrasoft Headquarter

Located in Amsterdam?

Main office of our extremely talented team

■ Ultrasoft Database

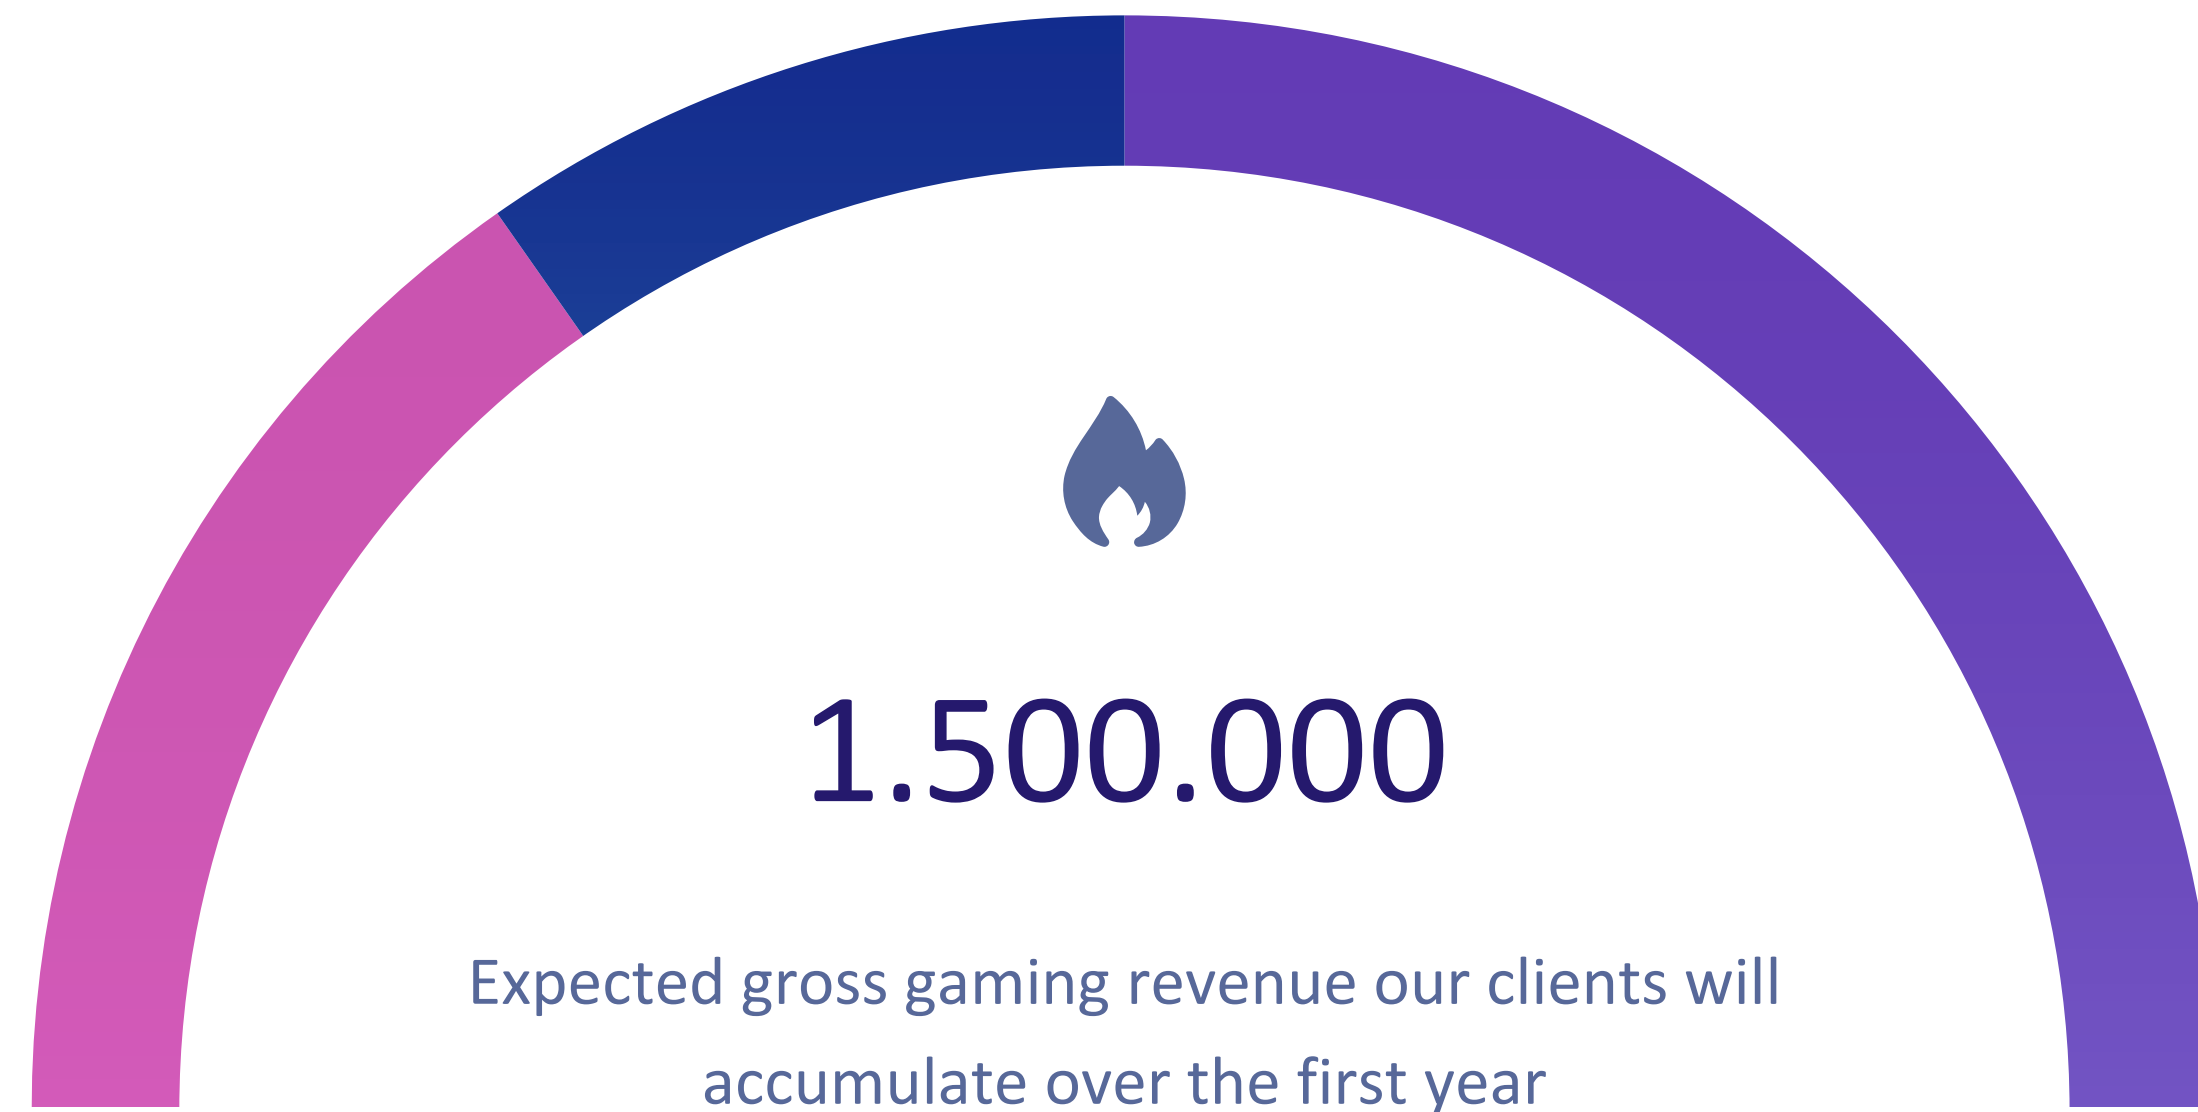

Cloud Based

Utilizing MS Azure cloud storage, our database is safe and secure

■ Ultrasoft CDN

Amazon and Cloudflare

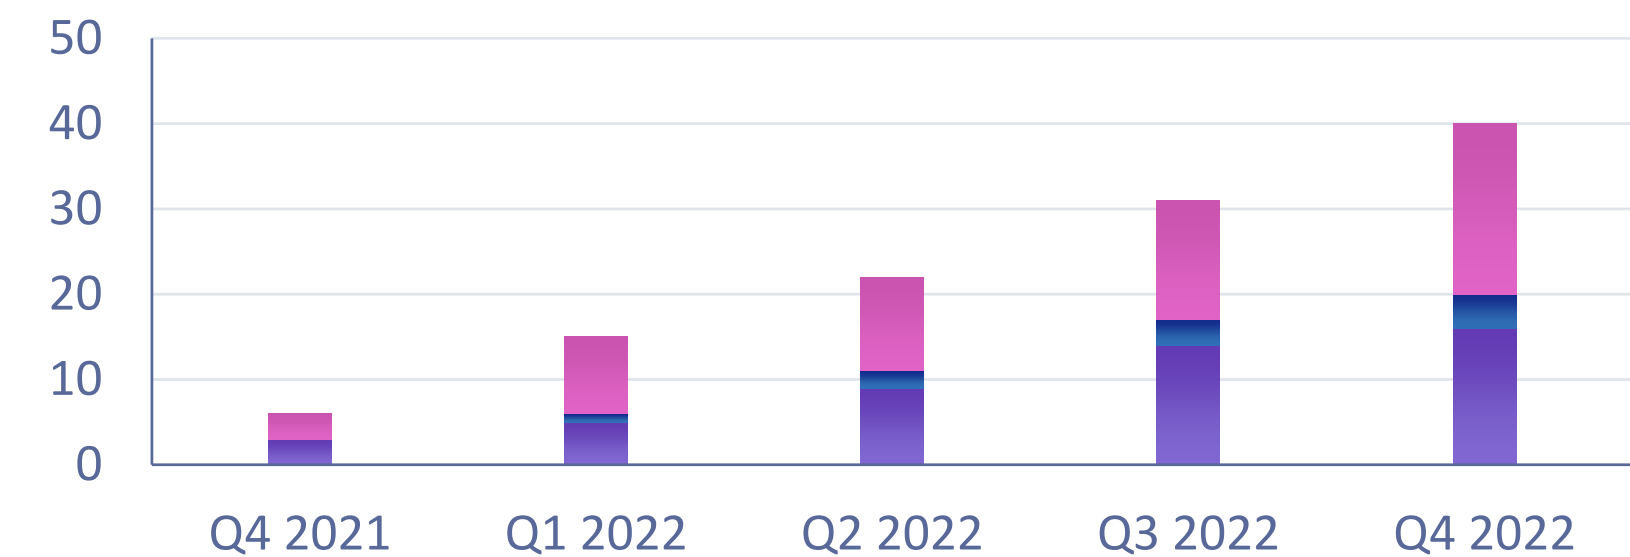

We use Amazon and Cloudflare as our primary Content Delivery Network to reduce eliminate any delays in provision of games

Sales Forecast

As we focus on delivering the best in the field services, we expect that most of our content will be distributed by the aggregation platforms. As such they are expected to be the largest contributors in terms of revenue. While the number of initial direct integrations from standalone projects is expected to be rather low, we still believe that they will form a significant chunk of our income.

Expected number of clients

Investments

Tangible Assets	15 968
<i>of them, office equipment</i>	<i>14 500</i>
