Responsible Gambling and Self Exclusion

Responsible Gambling

Gambling means entertainment, fun, and excitement for the majority of our users. But we also know that for some of our users, gambling has negative side effects. In medical science, pathologic gambling has been recognized for many years as a serious sickness.

We have thought about this problem and tried our best to help where we can. Under "Responsible Gambling", we understand multiple steps of measures, with which a gambling provider can help to reduce the possibility of negative side effects appearing. In case they already appear, we also try to take active steps against them.

The most important instruments against the negative side effects of gambling are knowledge and education about the risks of gambling to support our users' self-control.

Helpful hints for responsible gambling at Hype.Bet

We recommend you think about the following hints before gambling to ensure gambling stays fun for you and with no negative side effects:

- Set yourself a deposit limit

Before you start gambling, think about how much you can afford to gamble according to your financial situation. Play with amounts that are for fun and for your entertainment.

- Do not try to win back a loss at every cost

Try to not take too huge risks to win back what You lost before at any cost. Play for entertainment and not to earn money.

- Set yourself a time limit

Set yourself a time limit and do not break it. Keep in mind gambling should stay in balance with your other hobbies and not be your only hobby.

- Play smart

It is smarter to not play when you are extremely stressed, depressed, or under too much pressure. Also, do not play when you are under the influence of medications, drugs, or alcohol.
