Entity information

Registered address and registration number trade register

The registered and actual address of G2Tech B.V. is Abraham Mendez Chumaceiro Boulevard 03, in Willemstad, Curaçao. G2Tech B.V. is registered at the Chamber of Commerce under number 162012.

General accounting principles

The accounting standards used to prepare the financial statements

These financial statements have been prepared in accordance with the legal provisions of Book 2 of the Civil Code of Curaçao. In preparing the financial statements, reference has also been made, where appropriate and to the extent compatible with the circumstances in Curaçao, to the Guidelines for Annual Reporting for micro and small entities, as issued by the Dutch Council for Annual Reporting, insofar as these are not in conflict with applicable local legislation.

Assets and liabilities are generally valued at acquisition or production cost. Unless stated otherwise, valuation is based on acquisition cost.

Accounting principles

Equity

When G2Tech B.V. purchases treasury shares, the consideration paid is deducted from equity (other reserves or any other reserve if the articles of association allow so) until the shares are cancelled or reissued. Where such shares are subsequently reissued, any consideration received is included in equity (other reserves or any other reserve). The consideration received will be added to the reserve from which earlier the purchase price has been deducted.

Incremental costs directly attributable to the purchase, sale and/or issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Current liabilities

On initial recognition current liabilities are recognised at fair value. After initial recognition current liabilities are recognised at the amortised cost price, being the amount received taking into account premiums or discounts and minus transaction costs. This is usually the nominal value.

Accounting principles for determining the result

The result is the difference between the realisable value of the goods/services provided and the costs and other charges during the year. The results on transactions are recognised in the year in which they are realised.

General and administrative expenses

General and administrative expenses comprise costs chargeable to the year that are not directly attributable to the cost of the goods and services sold.

Other operating expenses

Costs are determined on a historical basis and are attributed to the reporting year to which they relate.

G2Tech B.V.
Willemstad

Income tax expense

Tax on the result is calculated based on the result before tax in the income statement, taking account of the losses available for set-off from previous financial years and exempt profit components and after the addition of non-deductible costs. Due account is also taken of changes which occur in the deferred tax assets and deferred tax liabilities in respect of changes in the applicable tax rate.
