

Executive Summary – Client Acceptance Policy

Deck Entertainment B.V.

Deck Entertainment B.V. is committed to maintaining the highest standards of regulatory compliance, integrity, and responsible business conduct through the implementation of a robust Client Acceptance Policy. The purpose of this policy is to ensure that only legitimate customers who intend to use the Company's services in accordance with applicable laws, regulations, and the Company's terms and conditions are accepted.

This Policy is based on the corresponding paragraph mentioned in the AML Policy.

The Company strictly prohibits anonymous accounts, third-party registrations, and the use of accounts by unauthorized persons or criminal organizations. All customers are required to register personally and provide accurate and complete identification information during onboarding.

As part of its Know Your Client ("KYC") procedures, Deck Entertainment B.V. requires customers to submit key personal information, including full name, date of birth, address, and contact details. Customer data is automatically screened and verified using independent verification systems and databases to confirm identity, assess age eligibility, and detect potential risks associated with sanctions or politically exposed persons ("PEPs"). Where necessary, additional documentation and manual verification procedures are conducted before withdrawals are approved.

The Company applies a risk-based approach to customer due diligence and enhanced due diligence ("EDD") measures for higher-risk customers, including PEPs. Customers identified as PEPs are subject to senior management approval, ongoing monitoring, and enhanced transaction reviews to mitigate risks related to money laundering, terrorist financing, corruption, and fraud.

Furthermore, Deck Entertainment B.V. maintains a strict sanctions compliance framework. Customers are screened against international sanctions lists, including OFAC, United Nations, European Union, and Canadian sanctions databases. Individuals identified as sanctioned persons are prohibited from registering or using the Company's services.

Through these measures, Deck Entertainment B.V. demonstrates its commitment to anti-money laundering ("AML") compliance, counter-terrorist financing ("CTF"), fraud prevention, and the protection of its platform from misuse or criminal activity.
