

Player Complaints Policy

1. Policy Overview

Horizonix Corp N.V. (hereinafter referred to as “the Operator”), hereby establishes and implements this Player Complaints Policy the procedural framework for the handling and resolution of player complaints and disputes, ensuring a process that is transparent, equitable, and efficient, in accordance with the provisions set forth under Article 5.3 of the *National Ordinance on Games of Chance* (Landsverordening op de Kansspelen, LOK).

In the case of peer-to-peer (P2P) gaming (including poker) or ante-post fixed-odds betting, the six-month limitation period shall commence upon conclusion of the relevant event, rather than at the time the wager was placed. Complaints must be filed in accordance with a clearly defined procedure, which shall be made readily accessible on the Operator's official website. This procedure shall include a downloadable template (in Word or PDF format) which may be submitted via email. The Operator reserves the right to accept complaints in other languages relevant to its target markets; however, official review and resolution shall be conducted solely in one of the aforementioned official languages.
- f) Any supporting documentation the complainant wishes to provide in substantiation of the complaint.

4. Complaint Resolution

4.1. Timeline Responsible Gaming Complaints

Complaints related to Responsible Gaming (e.g., targeting vulnerable players, self-exclusion, or cooling-off periods) will be prioritized due to potential impacts on player welfare, in accordance with the CGA's Responsible Gaming Policy. - b) Provide an explanation of how the complaint will be processed.
- c) Provide the expected timeline for resolution.

If resolution is not feasible within five days, the complainant will be notified of the delay, with resolution concluded within a maximum of two weeks from submission, extendable by an additional two weeks if delayed by the complainant's response.

4.2. Timeline All Other Complaint Types

The operator will assess and respond to complaints within four weeks. If necessary, due to complexity or lack of information, this period may be extended once by an additional four weeks, with prior written notice to the complainant.

4.2.1. Within one week of receiving a complaint, the operator will:

- a) Confirm receipt of the complaint in writing via email or preferred communication method.
- b) Provide an explanation of how the complaint will be processed.

If additional information is reasonably required to address the complaint fully, the operator will request this information within the initial four week time period. Should the complainant not provide the necessary information within that time period, the operator may reject the complaint.

Where for any reason the operator does not or is unable to resolve an issue to the player's satisfaction, the player is informed that the matter may be escalated by the player to an independent ADR entity.

4.4. Use of Artificial Intelligence (AI)

The Operator may use AI for complaint handling, subject to the following:

5.1.4. The Operator shall ensure that the contact details of the designated ADR provider are clearly disclosed in all written communications concerning complaints, as well as within the Terms and Conditions published on the Operator's official website.

5.1.5. While the CGA does not mandate the use of ADR services by players as a condition of escalation, the Operator reserves the right, at its sole discretion, to establish such a requirement within its own Terms and Conditions, subject to independent legal advice to ensure compliance with civil law (e.g., Book 6 of the Civil Code of Curaçao). Parameters to prevent ADR abuse (e.g., minimum claim values or binding outcomes) will be established Terms and Conditions.

Any complaints escalated to legal proceedings will be subject to Curaçao law, and disputes will be resolved by the courts of Curaçao, as stipulated in the gaming agreement per Article 5.5 of the LOK.

5.3. Escalation to the Regulatory Authority

The CGA does not intervene in or adjudicate individual player complaints concerning gambling-related transactions. The Operator shall clearly communicate this limitation within its Complaints Procedure and/or the Terms and Conditions published on its website.

Notwithstanding the above, if a player reasonably believes that the Operator has acted in breach of the applicable regulatory framework, including but not limited to the provisions of the LOK, the player may submit a report to the CGA.
