One of the main objectives of the company is to follow the principles of responsible gambling. The safety and reliability of the game guide the development of high-quality services and products. Special conditions created by Island Odyssey Ventures B.V. are designed to promote responsible gambling and mitigate potential negative consequences in case of gambling addiction.

2. Purpose

The purpose of this document is to establish comprehensive rules and guidelines for the adoption of responsible gambling principles and practices. It serves as a framework to ensure the safety and well-being of our users by maintaining a responsible gaming environment.
